MASSEY-HARRIS TRACTORS Use Less Fuel!

THE UNIVERSITY of Nebraska tractor testing laboratory has ended its 1951 season with the testing of its 471st tractor.

THE TRACTOR test lab was started in 1920 as a result of a law providing for testing of a stock model of each tractor sold in the state.

A GASOLINE burning tractor manufactured by Massey-Harris established a world's record for fuel economy at the lab in 1951. The machine burned 495 pounds of fuel per belt horsepower hour. Previous record was 496 pounds of fuel for the same output. Engineer Larsen said the record was the best in the tractor lab's history.

TEST REPORTS on most of the tractors tested last year are now available at the offices of county extension agents.

Storm Sharply Cuts Livestock Receipts

The big storm earlier in the week cut sharply into the receipts at the Thursday, January 24, sale at the O'Neill Livestock Market. The demand, however, was very good.

Top butcher hogs sold from \$16.80 to \$17.10. Heavier butchers, 250 to 300 pounds, were bringing from \$16.25 to \$16.75, and the light weight butchers, 160 to 185 pounds, were quoted from \$15.75 to \$16.75. Sows ranged from \$12.00 to \$15.00.

Cattle receipts were extremely light and selling was wrapped up around 3 o'clock in the afternoon. Light weight yearlings hit a top of 36c and there were a few light calves that got up to 38c. The cow market was about steady with the week before. Canners and cutters sold from \$20.00 on down to \$16.00 and better kind cows brought up to \$24.00.

Youngsters, Oldsters Enjoy Skating Party

AMELIA—A skating party was enjoyed by both youngsters and oldsters Saturday, January 26, at the Glenn White home.

Among the families present were: S. C. Barnett, Ardath and Connie Barnett, Clyde Burge, George Atkinson, Paul Fisher, Hugh Carr, Kamphaus Berner and the Madsen children.

Ice cream and cake were served in the late afternoon.
