### Art Exhibit Draws Praise of Critics

An exhibition of a four-year art student at Briar Cliff college, Sioux City, was attended by a "steady stream" of fellow students, faculty members and Sioux City and Nebraska friends Sunday afternoon at the school.

Miss Gayl Wittfeldt, daughter of Mr. and Mrs. D. R. Wittfeldt, of O'Neill, presented a graduation art exhibit in various mediums. Included were water colors, oil paintings, sculptures, handwoven and printed textiles, and metal work.

Some of the visitors noted a strong sense of design and many others felt a decisiveness and conviction in her work, according to a review which appeared in the Sioux City Journal.

A knowledge of and enthusiasm for some of the best art of past times was apparent in her work, critics said. Motifs and accents from Mayan art, Persian miniatures and Egyptian wall paintings were used to organize and integrate her own conceptions, the reviewer added.

The young artist will graduate in May with a major in art education. Sister Thomas Aquinas, '35, head of the college art department, has been her teacher.

Included among more than 200 persons who viewed her work were nurses attending a convention at the school.
