Weed Knowledge Roll

The Sandhill Billies 4-H club met at the home of Ira Liermann's on Saturday night, April 19. We accepted Marvalene Cuat as a new member.

Our next meeting will be at the home of Wayne Cuat's on Saturday night, May 10. Roll call will be answered by the name of a weed and whether it is harmful or helpful. If harmful, we will tell how it is exterminated.

Elsie Liermann and Nancy Cuat were appointed to serve on the entertainment committee for the next meeting. Gene and Gary Sherman were appointed to give a demonstration on the feeding of the saddle horse. For our next meeting we are to each give a complete report on what we did in our spring cleanup campaign. Those having the best report of the most thorough job will receive a prize of a yard plaque, which says: "A 4-H'er Lives Here."

In their sewing club, the girls discussed the different materials and patterns and filled in the first two pages of their books. Each one was supposed to bring a picture of the outfit she planned to make. For next time we are to bring our sewing kits, which we are to make or buy. The younger girls are to make a dusting cloth, and the older girls a dusting cloth or headscarf.

After the meeting, Duane Sherman demonstrated on the care of a saddle which included some interesting facts. After the demonstration we pinned the parts of a horse on a drawing of one.—By Karen Garwood, news reporter.

Eggs Intact After Ride on Bumper

ROCK FALLS—Here's one for the oddity books:
One family discovered an egg on the bumper of their car upon returning from a trip to O'Neill. It wasn't immediately determined how the egg got there—unless a hen layed it.
The oval was cracked a bit but it was okay.
And then there's the story about the two farmers from the neighborhood who were resting beside a tractor spinning (or swapping) stories. A tire suddenly exploded in the hot sun. The yarn in progress was never finished.
And that's the end of this story, too.
