

# Lots of Color in House Helps to Brighten Dull Days, Too

By BLANCHE SPANN PEASE

Greetings all you interesting people. Did you know that those crumby little flowerets on raw cauliflower make a salad perk up? It's the truth. Try them with sliced orange, green pepper, chopped celery and a tart dressing.

If you like Roquefort cheese, crumble some of it into the French dressing. It adds a sophisticated flavor and it's very good with fruit salads.

Another way to glamor up the French dressing is to put a few drops of onion juice in it and rub the salad bowl with garlic. Top the mayonnaise with a sprinkle of paprika, the next time you put it on a salad. It'll look mighty pretty.

tional seasonings such as onion juice or garlic may be added.  
**HORSERADISH CREAM DRESSING**  
One-half cup whipping cream, 1/4 cup drained bottled horseradish, 1/2 teaspoon salt, two teaspoons granulated sugar, dash of cayenne, four drops Tabasco sauce, three drops Worcestershire sauce, 1 cup mayonnaise. Whip cream until stiff. Fold the cream, horseradish, salt, sugar and cayenne. Tabasco and Worcestershire sauces into the mayonnaise. Chill. This makes about 1 2/3 cups.

Dear Mrs. Pease:

I have been reading your column and have been going to write but never seem to get around to it.

I know your new house must be very nice. We laughed about the way you described the colors in the bathroom but I like to see lots of colors in the house. It helps to brighten up dull days, too.

I thought I would include a salad recipe that we like so very much:

**PINEAPPLE SALAD**  
One number 2 can crushed pineapple, 1/2 lb. marshmallows, 1/2 pt. cream, 1/2 pound cream cheese, Two whole eggs, four tablespoons flour, two tablespoons sugar. Drain the pineapple juice in top of a double boiler and combine with cream, eggs, flour and sugar and cook over hot water until thick. Pour this over crushed pineapple and diced marshmallows and cheese. Place in refrigerator to cool.

**Recipe of the Week — OVEN BROILED TOMATOES**  
Three firm tomatoes, two tablespoons green pepper finely chopped, one tablespoon minced onion, three tablespoons butter or margarine, melted, 1/2 cup dry bread crumbs, two tablespoons lemon juice, salt and pepper. Cut tomatoes in half, do not peel. Dip into melted butter or margarine, then in crumbs and place in loaf pan. Combine lemon juice, green pepper and onion and spread on top of tomatoes. Sprinkle with salt and pepper. Bake uncovered with oven meal at 350 F. for 1 1/2 hours.

**SAYS SANDHILL SAL**

You're not quite so apt to get your back to the wall if you keep your shoulder to the wheel.

**5 TEST HOLES DRILLED . . .** An Omaha well-drilling concern during the past 10 days has drilled five test wells south of the city seeking a site for a new well. Three tests were made in a meadow owned by R. D. Yusten (left). Two other tests were made along the city's pipeline right-of-way connecting the present well sites with the city system. The right-of-way parallels U.S. highway 281, Yusten and City Supt. L. C. Anderson watch Leys-Western crewmen, Donald Oseka and Del Hosik, both of Omaha, working with test-drilling equipment in the Yusten

ing city water patrons to stagger watering of lawns and gardens. Residents living east of Fourth street are asked to water only on Mondays, Wednesdays and Fridays; those living west of Fourth are asked to cooperate by watering only on Tuesdays, Thursdays and Saturdays. Officials hope residents will refrain completely from Sunday watering of lawns and gardens. Failure to cooperate places too much burden on the present system, Mr. Davis said. The new well is sorely needed to relieve the shortage and provide fire protection.—The Frontier Photo.
