# Announcing... THE NEW JOHN DEERE MODEL 'L'

## Tractor-Drawn Wood-and-Steel-Box Spreader

Heavy mechanical loading . . . high-speed operation over rough fields . . . manure and phosphate acids—these spreader killers don't stand a chance against the rugged new Model "L" tractor-drawn spreader. The jar- and jolt-resisting heavy steel frame and armored-plated box-guards absorb the toughest punishment. Specially-treated wood box won't rust—lasts longer.

New, wider-range, five-speed, ball-bearing feed conveyor drive . . . new, stronger, longer-wearing steel roller chain drive . . . and bigger capacity box are other top-value features of this new two-wheeled tractor-drawn spreader.

Come in and see this better spreader the next time you're in town.

Fly Your Kite, but—keep it away from the wires!

Flying kites near electric wires can spoil all your fun and actually turn a good sport into a dreadful tragedy. So kids—when you take your kites out, play safe. We're all for you—fly your kites and have fun—but don't take foolish chances. KITES AND ELECTRIC WIRES DON'T GO TOGETHER. FLY KITES IN AN OPEN AREA—NEVER NEAR ELECTRIC WIRES.

USE A GOOD STRONG STRING BUT NEVER A WIRE OR METALLIC CORD. Keep your eye on traffic when crossing roads or streets. If your kite gets into trees or wires, be sensible—call for help to get it down.
