O'Neill Needs a Swimming Pool!!

On Wednesday, April 29th, the citizens of O'Neill will be voting on a proposition for the issuance of bonds to finance the construction of a swimming pool. Here are the facts:

1. The children of O'Neill Nebraska, have no place to swim except in the Elkhorn river and several sandpits. Both are dangerous and unsupervised. Each may be contaminated. The Elkhorn river is a dumping ground for the sewage of O'Neill and towns above us. Can your children swim? Would you rather have your children swimming in a clean supervised pool or in a sewage disposal area or a treacherous sandpit?
2. Many of the surrounding communities have a swimming pool for their children. Are they more progressive than we are? If smaller communities than O'Neill can finance a swimming pool, why can't we?
3. From a financial and cost basis: Assuming that a home owner's valuation of property for taxable purposes is \$1,000.00, his increased tax by construction of a swimming pool would amount to an additional \$1.50 per year. Wouldn't you as a progressive citizen of O'Neill be willing to spend from 50c to \$3.00 per year for the welfare of the children of this community?
4. The City of O'Neill now has a lower bonded indebtedness than any of the towns in this section of Nebraska of comparative size.
5. You people who desire a swimming pool, please make it your obligation and responsibility to vote for this bond issue.
6. The undersigned civic organizations wholeheartedly support this bond issue.
