Deloit's Nancy Paul Gets High Honors

Wins Recognition at O'Neill Exercises

DELOIT—Nancy Paul, daughter of Mr. and Mrs. Wayne Paul of Deloit, received the honor of having the highest average in grades of the 120 eighth grade graduates in Holt county at the graduation exercises at O'Neill on Wednesday, May 13. Mickel Bauer was Nancy's teacher.

After the program the O'Neill Chamber of Commerce furnished a party for the eighth graders. James Miller also attended the exercises at O'Neill Wednesday.

Other Deloit News
 Judy Bartak and Nancy Paul spent Monday night and Tuesday at the dormitory as guests of Janice Bartak. These girls will attend high school at Bartlett next fall.

The annual style show was put on Tuesday evening, May 12, by the home economics girls of the Wheeler county high school. The music students also put on a few numbers. Those attending from here were Mr. and Mrs. Wayne Paul and family, Mr. and Mrs. Bud Bartak and family, Mr. and Mrs. Adolph Bartak, Earl Schunk and Mr. and Mrs. E. H. Reimer.

The HEO club met last Thursday at the Schmisser home. Guests were Mrs. Carl Wulf and daughter and Miss Vandernick. Mrs. Wulf became a member. A demonstration on making nylon flowers was given. The next meeting will be June 11 at the A. Spahn home.

The Clearwater Creek club met Wednesday, May 13, at the B. A. Cratty home. Mrs. Kinney and Mrs. Stelling and son were

Daughter Tells of Tornado Damage

Empty Theater Called 'Miracle'

(Editor's note: The following descriptive letter was written to Mr. and Mrs. Harold Young of O'Neill by their daughter, Mrs. Hugh Bryan of Lincoln, following a visit to the demolished town of Hebron near the Kansas-Nebraska border. The Youngs formerly resided at Hebron, which was visited by a destructive tornado late Saturday, May 9.)

Lincoln, Nebr.
 Dearest Mother and Dad,
 "We heard the news of the tornado that struck Hebron Sunday morning about 9 o'clock. We saw evidence of small tornadoes all the way down to Hebron, and as we approached Hebron the traffic was horrible. We could see the path the tornado had taken. It hit farms north of Hebron on the highway, and the closer we got to Hebron, the worse it got.

"There were national guards on all streets into Hebron, and when we got to the main street we saw the chief of police and the let Hugh drive into town.

"I know that you have seen many pictures, but honestly just looking at the pictures just doesn't begin to show the damage that you see when you are walk-

ing through the mess. I have never in my life seen anything so terrible. But the dear Lord really looked out for the Bryans for there was no damage to speak of done to any of the three homes. The rest of the town is horrible. We went immediately to the folks' house, and found that all of the family was okay. Mom B. told me that Earlene was working at the Methodist church, so I immediately went over there to help. I worked there for about four hours serving dinner to over a thousand people. We had to feed so many because all the gas and electricity in town was shut off and there was no way of anyone cooking anything. We had no hot water, but the water that we heated on propane stoves. We had to fix baby formulas and so many extra things besides just fixing food. It was wonderful the way all the people worked together.

"Four of the five churches in town are either completely destroyed or will have to be torn down. The Christian and Presbyterian churches are standing—but that is about all for they have large open cracks in them and walls will have to be torn down. The Lutherans built a new church after we moved from Hebron, and that church from the outside looked alright, but the inside was destroyed leaving just the shell of the church, which will have to be rebuilt. The estimated damage on the courthouse is \$100,000. The upper part is again just a shell.

"We saw houses completely smashed; others that had been lifted up off the foundation and set down some place else. I saw people's sheets, drapes, curtains, rugs and furniture in trees and wrapped around telephone and electric wires. I heard of several animals which were found inside people's homes after the storm was over.

"Dr. Penry had just completed a 50 thousand dollar house. We
