## 'Greater Service' Program Outlined

**Finance Committee for Soil Group**  
During the past few weeks, Holt County Soil Conservation district activities have organized under what is known as a "program for greater service." Elmer Allen is chairman of the finance committee, including F. N. Cronin, O'Neill National Bank; Harry R. Smith, John Deere Implement company, O'Neill; Robert Keating, International Harvester Co., Atkinson; J. G. Brewster, Tri-County Bank, Stuart; John Newman, Newman Oil Co., Stuart.

At that time the committee voted to form an associate membership to the Holt district and to invite the business men of the county, particularly implement dealers and bankers, to see if they would be interested in joining such an association to financially assist the Holt district in carrying on its promotion and education activities.

The following firms have contributed to the fund and have been mailed framed certificates and letters of appreciation from the district:

O'Neill National Bank, Elkhorn Valley National Farm Loan Association, O'Neill Production Credit Co., all of O'Neill; Farmers State Bank of Ewing; Rocky Implement Co. of Ewing; Harry R. Smith Implement Co. of O'Neill; Shelhamer Implement Co. of O'Neill; Marcellus Implement Co. of O'Neill; Kroetter & Co. of O'Neill; O'Neill Grain Co. of O'Neill; Newman Oil Co. of Stuart; Tri-County Bank of Stuart; John Deere Implement Co. of Stuart; Weichman Implement Co. of Stuart; First National Bank of O'Neill; Page Oil Co. of Page and Wm. Kroetter Co. of Stuart.

The education committee is headed by Clarence Ernst with other members including: A. N. Daves, county agent, Miss Alice French, county superintendent of schools; D. E. Nelson, superintendent of O'Neill schools; and Gene Claussen, rural teacher. This committee met last week to plan a conservation day for all seventh and eighth grade pupils in Holt county.

This committee estimated that about \$50 of the fund would be used for this purpose. During the summer, Miss Joyce Miller of Star received a scholarship fund of \$25 to attend a conservation short course at Crete.

Elmer Juracek or Star will aid the program committee and plans are being made to complete the membership on this committee and to make plans for additional conservation activities this fall and winter. Plans are also being made to conduct a speech contest entitled, "Democracy in My Soil Conservation District" to be held next fall.

The soil conservation district supervisors appreciate very greatly the cooperation of these businessmen, their financial aid and their work on various committees, it was stated by C. R. ("Bob") Hill, unit conservationist for the group.
