Put Best Shoes Forward

By BLANCHE SPANN PEASE

Do you put your best foot forward? I'm talking about shoes, milady! Do you use your head, as well as your feet, when you buy new shoes? The best place to buy shoes is a shoe store where they have salesmen specially trained to fit your feet,

and to fit problem feet, and most of us find our feet are a problem to us!

Have the salesman measure your feet and be sure you buy shoes the right size and width. Many folks wear a size too short and the wrong width and then wonder why they have foot trouble.

Remember when you buy shoes to buy a color that will go with most of your wardrobe unless you can afford to have more than one pair of dress shoes. In other words, don't buy a pair of red shoes unless they'll go with your whole wardrobe... unless, of course, you also have a pair of black shoes to go with other things... and a pair of white shoes to set off your summer pastel outfits.

How often I have seen women teetering around on a pair of run-over high heels, women who had to walk all over the town to do their shopping, and who had on a house dress!

How much better had they selected comfortable, tailored shoes that would go with most of their wardrobe, in which they could have shopped with much less fatigue.

Buy the best shoes your purse will afford and then give them the care they deserve. Keep them polished and keep them repaired. Keep a shoe tree in them, or stuff them with tissue paper so that they'll retain their shape. Try to avoid getting them wet.

Buy sensible shoes for every day. Don't wear out dress shoes or every day wear, but have regular every day shoes. Buy shoes that fit so well they save your feet and cut down on fatigue. Many a woman could do a lot more work, if only she'd wear properly fit shoes.

Use your head to save your feet, milady.

Owens Is King of Royal Hawaiians

While still in high school at O'Neill, Harry Owens started blowing the trumpet and arranging music. By the time he was graduated, he was determined to become a musician although his parents insisted upon a law career.

He enrolled in law at Loyola university. But three years later he organized his own band and was barnstorming towns all over the country, living out of a suitcase.

Owens got to Hawaii in 1934, stayed until Pearl Harbor, returned to the U.S. during the war. He made his TV debut in 1949—and that was the beginning of a new following for Harry.

Harry Owens and his Royal Hawaiians are a "must watch" for thousands of viewers on KNXT, Hollywood. Owens now has written many famous songs including "Sweet Leilani."

Holt Ranks 40th in Number of Physicians

Holt county has 1,784 people per each physician and ranks 40th among the state's 93 counties in the number of physicians per capita.

Holt ranks 44th in the number of dentists having had 2,123 people per dentist in 1953.

These facts were supplied by the extension division of the University of Nebraska.

Because O'Neill and Atkinson have hospitals and doctors serving patients from other counties as well as Holt, the per capita "load" for doctors is actually higher than the county figures indicate.
