they like 'em ROUND

Watch your cattle eat round baled hay, packaged exclusively by ROTO-BALER. You can tell immediately how well they like the better quality, cured in round bales.

Examine one closely and see why. The hay is fluffier with more nutrition-packed leaves rolled inside. Livestock eat it readily right from the bale, saving labor.

And it costs less to bale, too. It's wrapped with inexpensive binder twine — field travel is reduced by picking up big double windrows. Get ready now. Hay time will soon be here.

ROTO-BALER is an Allis-Chalmers trademark.
