

Towners in Strong Finish, Win 8-3

O'Neill No Match for Atkinson

The Atkinson Towners proved to be too much for the O'Neill Rockets Sunday, July 7, when they thoroughly drubbed the Rockets, 8-3, in a game played here in Carney park.

O'Neill scored once in the second inning and twice in the third. Atkinson took the lead in the third when four of the Towners men scurried across the plate. Two more runs were tallied in both the seventh and eighth innings by the victors.

Everette, the winning pitcher gave up five hits, and his teammates were charged with five errors.

Carson, O'Neill's losing pitcher, hurled for eight innings, giving up six hits and striking out six Atkinson batters. There were five errors chalked up against O'Neill.

Gregory Wins, 5-3
Five errors hurt the O'Neill Rockets' cause Tuesday night when the Gregory, S.D., Towners won, 5-3.

Miller, starting pitcher for Gregory, set down eight via the strikeout route. He was relieved after five innings by Voss, who got credit for the win although whiffing only one.

Darrel Graham chucked for O'Neill, registered five strikeouts. Graham, Gregory, third sacker, homered in the sixth with one man aboard. The Dakotans scored twice again in the seventh and buckled the Rockets.

Deadline Today for Deer Hunt Permits

Applications for Nebraska big game hunting permits are coming in slowly at the Nebraska game commission office in Lincoln, according to Game Warden Fred Salak of O'Neill. He reported until Wednesday only "about 16 percent of the 4,000 available permits had been requested."

Mr. Salak said he had application blanks available, but pointed out the deadline for filing is today (Thursday). All applications must bear a postmark not later than July 15 to participate in the lottery.

A drawing may not be necessary if more applications are not received. Until early this week only 715 applications had been made for the 4,000 deer and 500 antelope permits.

Salak's phone number is 553-J. He resides at 419 North Fourth street.

Bassett Church to Get Pastor

BASSETT—Sunday will be a special day at St. Peter's Lutheran church here. The church—in fact, Rock county—will get its first resident Lutheran pastor then.

Dr. E. G. Fritzsche, president of the central district of the American Lutheran church, will install Rev. Loren H. Kniep in his first parish. Rev. and Mrs. Kniep and their 10-month-old daughter will be welcomed to the church at a dinner following the special 11 a.m. service.

Rev. E. W. Danitschek, pastor of St. John's Lutheran church at Atkinson, who has served the congregations at Bassett and Atkinson, will assume full-time duty at St. John's.

ATKINSON GIRL TO WED AUGUST 22—The engagement of Miss Gladys Mae Weller and Elvon Hamilton has been announced by Miss Weller's mother, Mrs. Wallace J. Weller of Atkinson.

The bridegroom-elect is the son of Mr. and Mrs. Lincoln U. Hamilton of Stuart.
An August 22 wedding is planned at the Methodist church here.
Bassett Pitcher—Bassett will entertain the O'Neill Rockets in a league game next Sunday night.
Last Sunday night the Bassett team was defeated at Stuart, 3-1, although Larry Fisher held Stuart to two hits and struck out 12. Krysal of Stuart was touched for four hits.

Late Summer Wedding

Mrs. Erma Redd O'Neill announces the engagement of her daughter, Miss Margaret (above), to Robert L. Nietfeld, son of Ferdinand Nietfeld of St. Liberty. The couple is planning a late summer wedding.—O'Neill Photo Co.

'Adherence to Ethics' Forces Departure

"It is excellent operation and scrupulous adherence to ethics and proper nursing procedures that are playing the major role in the decision of the Sisters of St. Casimir to retire from the hospital field at Osmond," the Republican's editor, Eugene W. Liewer, declared.

In other words, the nuns' fine nursing talent is being wasted. The nuns will be released for duty elsewhere.

Exact date for the change has not been set. Since the sisters took over the hospital nearly nine years ago the average occupancy has been only 38 percent.

Editor Liewer admitted "it will be a blow to the community."

ASSEMBLY OF GOD (O'Neill) Rev. Wayne A. Hall, pastor Today (Thursday) the Women's Missionary council will meet at the church at 10 a.m. They will have a covered dish lunch. Saturday night street services at 8:30 o'clock.

Sunday, July 18: Sunday school at 10 a.m.; worship at 11 a.m.; children's story time at 7:30 p.m.; evangelistic service at 8 p.m.
Wednesday at 8 p.m., Bible study and prayer service.
MUSKETS SCARCE During the American Revolution muskets were so scarce that Benjamin Franklin advised the use of bows and arrows and New York militiamen were told to arm themselves with shovels, pickaxes and scythes.
TO EUROPE Maj. Madeline Ulom, ANC, reports to Camp Kilmer, N.J., Friday, July 30. From there she will sail for Europe for a three-year tour of duty.
ONE OF FIVE AIDED Red Cross, during the last fiscal year, aided on an average of one person every five minutes among those suffering disaster injury or loss.

Miller Slightly Better After Accident

CLEARWATER—The condition of Gary Miller, 18, Clearwater high school graduate and Norfolk Junior college student last year, who was critically injured in an automobile accident near Ponca Sunday afternoon, was reported slightly improved Tuesday morning. He is in the Lutheran hospital at Sioux City.

Young Miller, son of Ted Miller of Newcastle, was the driver of the car in which Miss Janice Calvert was killed, and Miss Janet Calvert also seriously injured. Miller suffered head injuries, including jaw fractures and the loss of many teeth. The Calvert sisters were twins.

The Miller car, owned by Ted Miller, rolled several times when it went out of control on a gravelly road near Ponca.

Gary Miller was reared by his uncle and aunt, Mr. and Mrs. Reuben Rundquist of Clearwater, and lived here a number of years.

Water Good Spider Control—The kind of weather we are having now is very favorable to the development of red spider mites on evergreen, other ornamentals, and vegetable plants. Where water is available under good pressure, a thorough washing down with a hose often will give fairly good control if repeated every few days.

Better control can be secured with the use of dusting sulphur on all types of affected plants. This treatment is especially recommended for vegetables which may be injured by forceful application of water.
Worry kills more people than work because many people look for worry and worry away at that.
The man who always says what he likes is sure to hear a lot of things he dislikes.

Mother, Who Killed Small Son, Is Ill

CENTER—Mrs. Joe Janak, 26-year-old Verdigre farm wife, was committed to the Norfolk state hospital as mentally incompetent Monday after a hearing before the Knox county board of mental health in connection with the drowning of the youngest of her five children.

Knox County Attorney Merritt C. Warren said 8-month-old Dennis Janak was drowned in a wash tub at the family home Saturday and Mrs. Janak then attempted to take her own life.

He quoted Mrs. Janak's husband as saying when he came in from the fields at noon he found her in the barn "trying to choke herself" with a rope.

She was taken to Creighton where she was treated for shock and bruises on the neck, later transferred to Norfolk. She was unconscious when Mr. Janak reached her.

Mr. Warren said Mrs. Janak had been ill for some time.

Funeral services for the boy were held at 10 a.m. Tuesday in Verdigre. The other Janak children range from 3 to 9 years of age.

Miller Predicts Travelers in CIA

All eyes in Washington, and the rest of the nation as well, will be watching, with much interest, the study to be made of the central intelligence agency by the Hoover commission, Nebraska's Fourth District Congressman A. L. Miller said this week.

"Too often, these 'hush hush' agencies of government use their power of classification to cover up information which would be detrimental to the agency. They pervert their power under a veil of secrecy and grow-and-grow, assuming more-and-more authority, until they outgrow their usefulness."

"I am afraid the Hoover report along with investigations by Senator McCarthy and Senator Jenner's committees will uncover some communists, fellow travelers, and ultra-left-wing new dealers in this sensitive agency. I am wondering how many in this 'cloak and dagger' outfit would plant the dagger in Uncle Sam's back. For my part, the sooner they are cleaned out, the better for us all."

"Whenever I read or partake in an investigation, I am reminded of a quotation inscribed on the state capitol at Lincoln, 'The Salvation of the State is in the Watchfulness of its citizens.' We must be ever mindful of this," Miller concluded.
A woman tries to reform her husband during the first year of married life—after that she tries to keep him from getting worse.

To some people a critic is a person who doesn't know a good thing when he sees it.
A law with its teeth out probably would work, if the law didn't have its hand out.

State Needs Industry Expansion to Keep Pace in Midwest

Nebraska industry will need a three-billion-dollar industry expansion in the next 21 years to keep pace with population growth and the increased labor force, it has been estimated by the National Association of Manufacturers.

In a research study of the future prospects of the American economy, the NAM said that it is generally agreed that the population of the U. S. will reach at least 200 million persons by 1975, which is an increase of 40 million over the present population.

"It Nebraska keeps pace with the population growth of the nation the state's labor force will increase from the present 523,500 to 775,500 by 1975. The increase means that within 21 years 252,000 new jobs must be provided for the state's new workers," the NAM reported.

"At a cost of \$12,000, which is the investment needed by industry to create a single job today, \$3,024,000,000 in new investment capital will have to be found to provide jobs for Nebraska's new workers," the manufacturers' association said.

Cadet LaFrenz Now at Ft. Sill—

ORCHARD—Cadet Sgt. Robert L. LaFrenz, son of Mr. and Mrs. Walter LaFrenz of Orchard, is one of 481 first classmen (seniors) from the U. S. military academy now attending the artillery school at Ft. Sill, Okla.

He and his fellow West Pointers arrived at the school after visiting Wright-Patterson air

base, O. and Ft. Knox, Ky. Next they will visit Ft. Bliss, Tex., and Ft. Benning Ga., completing the combined arms trip planned to acquaint them with the various functions of the army and air force.

A 1950 graduate of Orchard high school, LaFrenz attended Wayne State college before being appointed to the academy by Representative Karl Steffan (deceased).

Although California farmers cultivate only slightly more than two percent of U.S. cropland they grow a third of all U.S. fruits and nearly a quarter of all U.S. vegetables.
