

Letter to Editor

O'Neill, Nebr.
In the July 15 issue of The Frontier, an article about the proposed 25 blocks of paving contained the following: I quote:

"None of the 11 proposed improvement districts have been obstructed officially with 51 percent of the abutting real estate owners filing protests."

You were misinformed on this. The petition against paving Everett and Fifth streets carried the signatures of 60 percent of the legitimate resident property owners, of property abutting Everett and Fifth streets. It also contained the signatures of nine non-resident property owners of property abutting said streets; also the signatures of five people who own real estate adjoining who would also be taxed.

Under a plan as published earlier, "Before the district is created the property owners have a chance to vote against the district being created."

We did just this, getting the signatures of 60 percent of legitimate voters plus 14 signatures of property owners who would be taxed but not allowed to vote. This shows the sentiment of the people on these streets.

These are the names of the signers of the petition against paving the proposed district, comprising Everett and Fifth streets. They are resident legitimate owners of property as registered in the office of the register of deeds at the courthouse on Thursday the petition was presented to the council:

Mr. and Mrs. Jack Dailey, Mr. and Mrs. Harry Petersen, Mr. and Mrs. John Osenbaugh, Mr. and Mrs. Alfred Sanders, Mrs. John Storjohann, Lynus Howard, Mr. and Mrs. T. M. Harrington, Mr. Donlin, John Kersenbrock, Mr. and Mrs. Joe Bazelman, Bill Schroeder, and Ann and John Murray.

The petition also contained the names of the following non-residents owning property abutting said streets:

Cora Pettijohn, Jane Robertson Spann, Mrs. Leta Johnson, Mr. and Mrs. Earl Sanders, Carl Bennett Sanders, Mr. and Mrs. J. C. Parker and Mrs. Lena Torbert, executrix of the estate of Anna McCartney.

Also the names of Mr. and Mrs. L. M. Merriman, Mr. and Mrs. Richard Minton and Gertrude Howard, who own adjoining property and who would have to pay a tax also.

We have 60 percent plus 14 votes.

EUNICE SANDERS

Hay Harvest Is Well Underway

DELOIT — The small grain harvest is in full swing. The oats are very good, some making 50 bushels or more per acre. The second cutting of alfalfa was short, due to lack of moisture—no rain for over four weeks.

Other Deloit News

Mr. and Mrs. Gene Ray of Omaha spent the weekend at the Ralph Tomjack home. Vicky Ray, who spent two weeks at the home of her grandparents, returned home with them.

The Clearwater Creek club met Wednesday, June 14, at the Clint Taylor home. The next meeting will be August 18 at the Fred Maben home. Bring coffee labels.

Janice, younger daughter of Mr. and Mrs. A. E. Bartak, is spending the months of July and August at the ranch home of her parents.

Several from here attended the "free days" at Elgin last Thursday.

Elayne Reimer was a supper guest at the home of Mr. and Mrs. Levi Giese of Wayne last Thursday evening. Mrs. Giese will be remembered as Alma Buck, formerly of Deloit.

The HEO club will have its annual picnic at the Neligh park July 25 at 1 p.m.

The 4-H club met last Thursday afternoon in the St. John's church basement.

Highway 108 is graded and clayed and is now ready for the gravel surface.

A primary election will be held at the Pofahl schoolhouse on Tuesday, August 10.

A group of 26 relatives were Sunday dinner guests recently at the Ivan Briggs home near North Loup to celebrate the Briggs' 25th wedding anniversary.

Mr. and Mrs. Wilbur Napier and Russell were Sunday dinner guests at the Glenn Harpster home. Mrs. H. Reimer and Elayne were afternoon callers.

Mr. and Mrs. Leonard Larson attended a family reunion at Picketstown, S.D., Sunday.

LOSSES REPORTED

CHAMBERS—Among personal property losses blamed on recent heat included E. H. Medcalf, who reported 85 dead hens, and Wood Jarman, who lost two brood sows.

Mr. and Mrs. Harvey Sawyer and family of Ainsworth visited Sunday at the Frank Grenier home.

The Frontier Woman

Today's Brides Better Cooks

By BLANCHE SPANN PEASE

It's hard to believe—again—but July is almost gone. Some of the June and July brides have learned to bake biscuits—and some haven't—but I think most of today's brides know more about cooking than they did a generation ago.

When it is time to pick the peas for flavor and tenderness we like to catch them when they are plump. Lower pods on peas usually mature first, so remember to get two or three pickings from the vines and if you want them at their very best, cook within a half-hour of picking from the vines for the best flavor.

Some folks like to let string beans get so big that the beans in them form part of the meal. I like to be sure to pick them before the beans show through as knobby lumps. Don't let beans ripen or the vines will stop producing.

Most folks know that you shouldn't pick beans when the vines are wet, but if you didn't know it, now you do. It aids the spread of rust.

The best time to cut and cook or can spinach is when the leaves are about seven inches long. They are then at their tender and most succulent best—and Swiss chard, according to the garden experts, should be picked when about six to eight inches long. If you prefer the small leaves to the large ones, you miss the well developed mid-ribs which are such excellent substitutes for celery.

Don't forget to thin the beets when they get about five inches high. Thin plants until at least two inches apart and cook the vitamin-rich pulled ones as greens. Then before the remaining beets get over two inches across, use them. Can at once or cook them.

I'm sending some recipes I've found are very good to use if you have canned apple sauce left in the basement.

I've tried several other apple sauce cake recipes but we like this one the best.

APPLE SAUCE CAKE

One cup of sugar, ½ cup of butter, 1 cup apple sauce (sweetened), two teaspoons soda (almost level, dissolved in sauce), one cup raisins, one teaspoon cinnamon, ¼ teaspoon nutmeg, ¼ teaspoon cloves, two cups flour.

Mix and bake in slow oven of 325 F. until done.

BROWN STONE FRONT CAKE
Can be put together and is ready for the oven in seven minutes.
Mix dry: Two cups sugar, 2½ cups flour, two teaspoons soda, ¼ teaspoon salt, six tablespoons cocoa, ½ teaspoon baking powder. Add two cups milk (sweet or sour) into which have been stirred four well-beaten eggs. Bake in a moderate oven. Makes a large cake.
BUSY DAY CHOCOLATE
One cup sugar, six table-

spoons, cocoa, three tablespoons shortening, one teaspoon vanilla, 1 2/3 cups flour, one teaspoon soda, one teaspoon salt, 1 1/3 cups sour milk, 1/3 cup chopped nuts (if desired).
Mix sugar and cocoa together. Add melted shortening, sift flour and soda, plus salt, together and add alternately with the sour milk. Fold in nuts and add vanilla. Bake in one nine-inch square pan (must be about two inches deep). Make in a moderate oven about 30 minutes.

When cool ice with powdered sugar icing.

I miss having cream and eggs to cook with as we have lived in town only a few months. When we have these things handy, we use them and never give it a thought.

But when they have to come from the store, we really appreciate it when someone from the country thinks to bring some to us when they come even if it's only a jar of separated milk.

I was afraid of having trouble keeping the children from running in the street, but they've been very good. I have heard people say they think it is easier to raise children in town, but even in this short a time, I'll

300-Acre Holt County Farm & Personal Property

PUBLIC AUCTION

DUE TO POOR HEALTH and upon the advice of our physician, we will offer for sale at public auction the following Holt County, Nebr., real estate and personal property located ½-mile south of Page, Nebr., one-half mile east and one-fourth mile south; OR 2 miles east of the Stafford junction of U.S. Highways 20 and 275, then 4 miles north, one-half mile east and one-fourth mile south, on —

Wednesday, August 4th, 1954

Sale Will Start at 12 O'clock Noon

Lunch Will Be Served on Premises

Comment on Real Estate

The land consists of 300 acres of Thurman fine sandy loam soil. 175 acres are in corn and small grain. 20 acres are in alfalfa, 50 acres in native pasture, 20 acres in brome grass, 10 acres in new sudan grass, 5 acres in new alfalfa. Balance of acreage includes building site and shelterbelt.

The land is level to slightly rolling and shows the results of excellent farming practices. Located just one mile from a public grade and high school and three-fourths of a mile to an all-weather hardtopped highway. The excellent state of repair of the buildings, the productivity of the soil and the fine care that has been given the soil, combine to make this one of the most desirable farms to be offered for sale this year.

Legal Description

The SE¼, the S½ of the NE¼, the SE¼ of the NW¼, and the NE¼ of the SW¼, of Section 19, Township 28, Range 9, Holt County, Nebraska.

The Improvements

The buildings all are in excellent condition, consisting of the following:
Two-story, 5-bedroom dwelling, equipped with pump in basement, REA, cave.
Barn, 24' by 32' — Hog House — Cattle Shed
Corncrib, 24' by 32'.
Windmill and water supply tank furnish water, which is piped to barn and other outbuildings.
BUILDING SITE IS PROTECTED ON WEST AND NORTH BY EXCELLENT SHELTERBELT

General Information & Terms

There is a loan on the farm, approximately \$5,800, which may be assumed by the purchaser. Possession may be had in time for the fall term of school. Terms on Real Estate: 20 percent on day of sale. Balance due upon approval of title and delivery of deed.
