Lauds Services of Mobile X-Ray

By BLANCHE SPANN PEASE, Homemaking Editor

By the time spring rolls around, mothers who pack school lunches are looking for new ideas for the lunch box. Want some ideas that will perk up lagging appetites? A new sandwich filling, which I'll give you, may be the solution. Combine two cups ground table-ready meat, 1/2 cup crushed pineapple, two tablespoons brown sugar and one tablespoon lemon juice. Mix until well blended. Sandwich between slices of enriched bread. This is enough filling for six sandwiches.

Here's another one that the peanut butter lovers will go for. Cream together 3/4 cup peanut butter and two tablespoons honey until well-blended. Add 1/2 cup chopped, unpeeled apple and a dash of salt, mixing thoroughly. Spread six slices of enriched bread with butter or margarine and then with peanut butter-apple mixture. Arrange lettuce leaves on peanut butter mixture. Top with remaining bread slices. Makes six sandwiches.

If you haven't any bread crumbs to top a casserole, try using buttered bread cubes. Lightly butter the bread, then cut it in cubes and it's fine to top bubbling casseroles.

Some time try adding bread cubes to a freshly tossed spring

salad, for a new texture and taste. For a snack tray, and snacks to be eaten hot out of the hand, here's an idea: Spread nippy ham mixture on slices of enriched bread from which crusts have been trimmed. Start at one corner and roll up slices diagonally to opposite corner and fasten with a toothpick. Brush with melted butter or margarine and toast under the broiler. Serve hot.

Brother Contracts TB in England—

"Constant Reader" shares some Easter ideas with us. Dear Blanche: I'll share some Easter ideas with you and readers. Blow out eggs for shell, making a small hole in one end and a larger hole in the other. Blow out egg. Rinse shell in cold water and Scotch tape one hole shut. Pour partially cooled colored gelatin into shell. (Use a different color in each egg.) Let harden and then peel.

If you prefer it for salad, use this way: Place a lettuce leaf on a salad dish. Sprinkle grated cheese on leaf and lay gelatin egg in center. Salad dressing may be added if desired.

If you prefer to use it for a dessert, place sliced bananas

around the edge of dish. Then put whipped cream in center of dish (green or yellow coloring may be used if desired in the whipped cream). Place gelatin egg in center and serve.

Boiled eggs, peeled and placed in beet pickle juice also make a colorful salad.

If snow sticks to your snow shovel, rub the shovel—both sides—with paraffin.

I have just received a pair of opaque bright red overshoes. They are a little heavier than rubber gloves and should give excellent service.

I have just finished a Nile green nylon bed jacket, trimmed in peach colored lace.

All too soon school will be out and the children going into the next grade.

Today we planted tomatoes at school. They are to be a surprise Mother's day gift. Before they are sent home in May, we wrap cans with colorful paper and tie with ribbons.

We have a pineapple plant 3-years old, and have planted tobacco, peanuts, and rice and have cotton with bolls on it.

In January, the school children from kindergarten to fifth grade were given TB tests (shots) and those who chose not to take the test were not required to do so. Of around 450 students, about 32 showed positive. They were then X-rayed, but the returns have not been received yet.

Any parents who do not take advantage of the chance to have their children tested for tuberculosis are very foolish. TB caught in early stages is so much more easily cured and you seldom suspect your child has TB until it has progressed into a later, more dangerous stage.

When the mobile X-ray unit comes to your community, and you can get free X-rays, by all means take advantage of this wonderful opportunity. If you want to a doctor, that same X-ray would cost you from \$7.50 to \$10.

I know because I have paid that much for one.

You may save yourself years of treatment in a TB sanitarium, or you can save your own life or the life of those of your family. Those who have TB seldom suspect it until it is in an active stage where it can be given to others.

I speak from bitter knowledge. In World War II my brother served in the Eighth air force in England. Some time while he was there he contracted tuberculosis. He had no knowledge of it at all until X-rayed when he was to have been released from the service. His X-rays showed advanced tuberculosis. (He was in England three years.) He went straight into a veterans' hospital and died in five months from an operation to collapse his lung, either treatment having failed to check the TB.

Why these men are not periodically X-rayed for TB, we will never know. TB is rife in England. The climate there is conducive to that.

3 Members Absent—

PAGE—Bruce Bowen, Sharon Miner and Ronnie Summers were absent when the 4-H Eagle Hustlers club members were guests of Randy and Kent Stauffer Tuesday evening, March 29. Roll call was answered by naming a breed of cattle or hogs.

Most of the dues were collected and the secretary - treasurer reported a balance of \$14.30. The filling out of the year books was completed.

The group was divided into the different project interests under the leadership of Frank Beelaert, G. H. Luebecke and Roger Bowen for their lessons. After lunch was served they went out to see Kent's dairy heifer. Randy's hog project was not ready for showing.

The next meeting will be at the home of Brenda, Becky and Bob Beelaert. Roll call will be answered with the name of a part of a beef animal.

Here's why MORE PEOPLE ARE BUYING PONTIAC than ever before!

1. You can buy a big, 200-H.P. Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes!

2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

Biggest car at its price (122" and 124" wheelbase) • Most powerful car at its price • Only car at any price with distinctive Vogue Two-Tone Styling and the riding and driving ease of the Shock-proof Chassis.

You don't have to look far to find the reason for the tremendous surge to Pontiac. No further than the fact that only Pontiac produces cars that compete with the costliest in size, smartness and power, yet carry a price tag that is well under many in the lowest-price field.

That's what brings people in to see and drive a Pontiac—a value story they simply can't afford to overlook. And once they do—once they get a close-up of America's most distinctive styling . . . once they sample the superlative roominess and comfort of

Pontiac's luxury interiors . . . once they try the pulsing thrills of exclusive Strato-Streak V-8 performance—they lose interest in every car but this.

Come in and get the rest of the story. See, drive and price this high-powered future-fashioned beauty. You'll find that if you can afford any new car you can easily afford a Pontiac.
