**Rodeo Producer Killed in Crash**

George Stichka, 41, of Seneca, was killed instantly in an auto accident two miles west of Ravenna on highway 2, early Saturday morning, July 9. Stichka, prominent rancher and rodeo producer, was alone at the time of the accident. Many Holt county fair-goers knew Stichka through appearances on the rodeo circuit. According to authorities who investigated the accident, the Stichka car went off the road at the end of a curve, sheared off seven guard posts, peeled cable off safety barriers for three hundred feet, and hurtled end over end. He is survived by his wife and four children.

California produced a record 4,577 million eggs in 1954.

**Lincoln Fair Dates September 3-9**

Every afternoon but one at the Nebraska state fair in Lincoln, September 3-9, will be filled with the sound of roaring motors as race drivers, stunt drivers, and motorcycle riders participate in their thrilling events in front of the grandstand.

Fair Board Secretary Ed Schultz has announced that two auto thrill shows; two days of big car racing; one day of motorcycle racing, and one day of stock car racing have been scheduled for the 1955 exposition.

The Jimmy Lynch Death Dodgers, now in their 21st season, will get things off to an exciting start on Saturday afternoon, September 3. Top stuntmasters will be featured in nearly 30 events.

On Monday afternoon, September 5, the Trans-World Auto Daredevils—just back from a tour of Europe—will present the tournament of thrills.

The first big car racing program will be presented on Sunday afternoon, September 4. Among the top drivers expected to be on hand will be Bobby Grim, holder of five world records, and runner-up for the IMCA championship in 1954. The second speedway program will be presented on Thursday afternoon, September 8.

Motorcycle races, sanctioned by the American Motorcycle association, will be featured on Tuesday afternoon, September 6. A field of 45 riders is expected.

A 200-lap stock car race, the longest in the history of the state fair, will wind up the program on Friday afternoon, September 9. Entries will be limited to late model cars built in 1950 or later.

**SCIENCE COURSE**

The Norfolk Junior college has announced that modern science 2, a course in the physical sciences, will begin Friday, August 12. Registration for the class will be at 8 a.m., at the college. The class will be taught by William E. Crumley. It is a non-mathematical course and requires no previous background in science.
