# TAXES?

THE TRUCKING INDUSTRY IS ONE OF NEBRASKA'S BIGGEST TAX PAYERS!

Ever realize just how much tax the average truck pays? Probably not, if you're like the average citizen . . . you're concerned more with your own taxes.

Average tax for a pickup was \$46; for a four-axle semi-trailer, \$1,928.75 . . . 45 times as much as the average passenger car!

But let's look at a few facts: In 1954 trucks paid to the State \$16 million in highway user taxes. Yes sir, trucks pay a whopping amount of taxes—41.8 percent, to be exact of all highway users taxes collected in Nebraska!
