NOTICE

The Holt County Board of Equalization will meet on May 21, 22 and 23, 1956, at the Supervisors' Office in the Court House at O'Neill, Nebraska, and will be in session not less than three (3) days nor more than forty (40) days.
 All Complaints or Protests on valuations or assessments must be made during this period.

KENNETH WARING
 County Clerk

Here's Where the New Ideas Come From...

...and Here's Where they GO!

General Motors' new Technical Center—largest of its kind in the world—employs 4,000 engineers, scientists and stylists. These vast resources combine with Pontiac's own ultramodern engineering facilities to bring you America's greatest automobile value—Pontiac, a General Motors Masterpiece.
 Watch "Wide, Wide World"—NBC-TV, Sunday, May 20—report on GM's new Technical Center.

"CAN YOU SEE, STEER, STOP SAFELY?... CHECK YOUR CAR—CHECK ACCIDENTS."

You'll know the engineers have been up to something special the first time you ask this long, low beauty for action, for here's "go", you can't get anywhere else.
 The "go" of the newest in high-compression, high-torque engines—Pontiac's Strato-Streak V-8, so advanced and so efficient it delivered more actual miles per gallon than any other "eight" in the Mobilgas Economy Run!
 The "go" of the newest in automatic transmissions—Pontiac's Strato-Flight Hydramatic*, specially engineered for Strato-Streak power and smooth as silk at any speed!
 Come on in and bring yourself up to date fast!
 *An extra-cost option
