### Letter to Editor

Omaha, Nebraska  
June 18, 1956

Dear Cal:  
I am taking advantage of this opportunity to drop you a few lines to personally express my thanks to you for the nice picture of my son, Larry, that you sent to me here at the hospital and would like very much to have you express my appreciation to all of my friends and neighbors back home throughout the area who have been so very, very kind to me in sending letters, cards, candy, flowers, etc.

I realize that it is impossible for me to ever be able to express in words what these things have meant to me, however, I would like everyone to know that I have appreciated it from the bottom of my heart.

A representative from the World-Herald called on me this afternoon in regard to a picture which you requested. Of course, I willingly gave my consent; and you can expect a picture sometime tomorrow, as I understand it.

To those who may be wondering about my condition, let me say that I am feeling completely normal and feel that I have regained virtually all of my strength. I am receiving the best of care here and am looking forward to being able to return soon to O'Neill and vicinity for at least a short stay.

While I don't want to offend anyone, I would like to especially thank those of my neighbors who gave so freely and willingly of their time in completing my field work and the jobs that were necessary at that time.

Respectfully yours,
