

## \$6,565 Value Placed on Armory Site

### City Council Accepts Committee Report

The city council Tuesday evening accepted an appraisal committee's return on the value of a square block of land on the city's north side. Condemnation proceedings are in progress against the real estate owned by Roy J. Spindler of O'Neill.

The committee, Edward Krugman, Tony Asimus and M. B. Higgins, declared the value of the land at \$6,565.

The national guard bureau proposes to build a 200-thousand-dollar armory on the site for use of company D, 195th tank battalion, Nebraska national guard, and for certain types of community activities. To acquire an armory, the city is obliged to provide the real estate only.

The tract, situated six blocks north of the main downtown street intersection, is described as all of block one, McCafferty's annex, except south 180 feet.

Mayor D. C. Schaffer said the committee's figure was acceptable to Mr. Spindler.

## MEN PAST 40

Troubled with GETTING UP NIGHTS  
Pains in BACK, HIPS, LEGS  
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles.

Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.

The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. W-11, Excelsior Springs, Missouri.

The guard unit here soon will be two-years-old.

The council also is progressing with condemnation proceedings against residential real estate owned by Dr. H. D. Gildersleeve and Miss Bernadette Brennan to widen First street between Adams and John streets. Residents in the area had asked the council to widen the street to alleviate a traffic hazard. A strip 30 ft. wide and 360 ft. long is being condemned. An appraisal committee will also fix the value on the 30 ft. strip.

The council has received several applications for the combined post of police matron-water clerk. Bids are being sought for a heavy tractor-loader rig for snow removal work and dirt moving, replacing a lightweight machine presently in use.
