### 4,000 Leaflets on Cancer Distributed

One-half of all cancer cases are curable, but only one-third are actually being saved because all curable cancer cases are not detected in time.

The American Cancer society, through its Holt county volunteers, has distributed 4,000 leaflets on "Fight Cancer with a Check and Checkup". It is recommended that everyone read this leaflet and memorize the seven danger signals.

The Holt volunteers have done a "very fine job of distributing literature and soliciting for funds," according to Mrs. Guy Cole of O'Neill, publicity chairman.

"The committee is grateful for this splendid community operation."

If there is any one in the county who was not at home when the campaign volunteer called and would like to contribute to this fight against cancer, he or she may mail a check to Archie Bright, treasurer, of Holt county committee of the American Cancer Society, O'Neill.

A full report of the cancer drive will be published as soon as the returns are complete.

Mr. and Mrs. Bernard Roger of Creighton have named their son, John Paul.
