LEGAL NOTICE
 In accordance with the School Laws of Nebraska, I am required to make the following described change in district boundaries:
"BROMUS"
 Mr. Farmer!!!
 Many of our farmer friends and customers who have Bromus fields that may be harvested for seed have inquired of us what the market situation may be for the 1957 crop. It is impossible at this time to quote any definite price, as there are so many unknown factors at this date. The total harvested and the yield per acre will of course determine the price of the 1957 crop. The cheap price of Orchard Grass and other pasture and hay grasses will also be a factor affecting the Bromus market, but following the high price that Bromus reached during the 1956 season it may be expected that it will be a profitable seed crop, although present prospects are for a larger crop in the U. S. this year. It is too early to know anything definite about the Canadian crop, and that is always a large factor in Bromus market prices.
 We shall give Bromus growers the same service as we have in the past. We are equipped to give your seed proper care when delivered to us in the bulk direct from the combines. We will pay you the market price when the seed is delivered, or we will process the seed and bag it. If it seems advisable to you to hold your seed for a later market, you may do so. We will buy your seed at whatever market price is in vogue when you decide to sell. Seed sold to us at anytime during the buying season, there is no charge for processing, bags etc. The aforementioned policy applies to Sweet Clover, Alfalfa, Red Clover or any grass seeds that you may harvest and sell. We do contracting work on share basis on Bromus, Alfalfa, Sweet Clover and grass seeds. We have our own Combines with experienced operators.
 We also carry the following Farm Chemicals: Aldrin, Heptachlor, DDT, Dieldrin, Malathion, Dieldrin, DDT, SEE OUR PRICE BEFORE YOU BUY.
 We also do AERIAL SPRAYING with the very latest type of agricultural sprayer.
 Come in and discuss your seed problems with us.
