Joins 'Jeep' Forward Control Line

Built for heavy duty hauling both over-the-road and off-the-road, the "Forward Control Jeep" FC-170 is joining the new series of cab-forward "Jeep" models offered by Willys Motors, Inc. The new four-wheel drive vehicle has a gross vehicle weight rating of 7,000 pounds, greatest capacity yet engineered into a "Jeep" vehicle. The cargo bed is a full nine feet in length, and handles 3,510 pounds of payload. Yet the overall length of 181½ inches allows the FC-170 to be parked in less space than occupied by the average passenger car.
