How This Newspaper Helps Advertisers...

With a Strong Right Hand

We're newspaper people, with our ears to the ground and strength in our right hand.

For a long time it has been our job to meet the people of our area—in their homes, work, schools, churches, and in their civic and social activities. It has been our job to understand their needs and desires; to report their joys and sorrows.

Few know this area and its people better than we.

Many merchants look to this background of experience and understanding for assistance in reaching their audience most effectively. It is an unusually strong right hand to their merchandising efforts—an effective source for information and advice.

Let us show you how the combination of this experience and audited circulation facts* can help you to get maximum results from your sales messages. Call us this week.

THE FRONTIER

*This newspaper is a member of the Audit Bureau of Circulations, a nonprofit, cooperative association of publishers, advertisers, and advertising agencies. Our circulation is audited at regular intervals by experienced A.B.C. circulation auditors and their reports are made available to our advertisers without obligation.
