Let "VERDIGRE LIVESTOCK MARKET" Take Care of All Marketing Needs

Market Report: Monday, August 19.

A large run of hogs today with top on butchers at \$20.95 on a market that became just a bit stronger all through the sale. There was still quite a discrimination on the underweight hogs. The No. 2 and No. 3 butchers sold from \$20.00 to \$20.65. Sows sold from \$17.00 to \$20.55 depending upon size and quality. We sold around 150 head of pigs on a very active market. Pigs weighing from 80 to 100 pounds and averaging around 86 pounds sold for \$20.00 each. Other pigs weighing from 30 to 50 pounds sold from \$11.00 to \$14.00 each.

We sold around 70 head of cattle. One small lot of Hereford calves sold for \$24.30. Had this been a whole load, they could have brought more. Cattle are selling fairly active, however at this time of year, buyers are becoming more selective as to quality.

We are spending several days each week in the country—if you would like to have us stop in, just let us know and we will be happy to visit with you about your selling or buying problems. Remember our market with sales EVERY MONDAY. We believe you will like our service. Every consignment is appreciated.
