ITTAKES

would like to cooperate with you in regard to a complete soil service for your farm.

The busy season will soon be over, and this is a good time to think about your soil for next year.

We have made contact with an exclusive soil testing agricultural laboratory that is willing, with our help and your cooperation, to determine your needs and keep records on your soil needs each two years in advance.

This service, with your cooperation, should enable us to save you money, costing only a little eggoty of keeping records of your needs.

> STOP IN AND SEE US ABOUT IT AT YOUR EARLIEST CONVENIENCE.

IRRIGATION

We have for rental purposes a liquifier designed for use in conjunction with the injector unit to be used on any type of pressurized line. It does not have to be connected to the intake side of the pump, but can be used on the discharge side by two differential control valves.
