### Johnson Has Lead in 'Bachelor Party'

James ("Jim") Johnson, a sophomore student in the pre-veterinary school at Kansas State college, Manhattan, recently played the leading role in the Kansas State Players' presentation of "The Bachelor Party" held on the college campus.

Efforts to show a bachelor one good last party was the subject of "The Bachelor Party". The close friends of the retiring bachelor get together and have a big party for him. The problems that arise from the party are the main theme of the story.
