Court Fight Looms in Train Matter

(Continued from page 1.) former banker and S-T-A director. "It is curious how the commission could do such a thing when the Valentine hearing disclosed that twenty-one thousand passengers had used trains 13 and 14 during 1956, according to C&N's own figures. Admitted as evidence at the same time were C&N's formula figures filed with interstate commerce commission, showing nearly thirty-three thousand passengers used these Omaha-Chadron-Omaha trains during calendar 1956. Somebody at C&N is 50 percent off."

More Than 'Name' Trains J. G. Brewster, Stuart banker and S-T-A director, flatly stated the recent decisions of the Nebraska supreme court in passenger train matters "don't begin to parallel our situation". Brewster said Omaha-Chadron-Omaha trains carry more passengers than Omaha-Minneapolis trains and more than many so-called 'name' trains.

winter and 1,040 to cool it in summer. Other monthly consumption averages were: water heating, 57.6 gallons; cooking, 15.4 gallons; clothes drying, 7.7 gallons; incineration, 15.6 gallons, and refrigeration, 22.3 gallons. Outside, for the two month period of February-March, it took 250 gallons to heat the 24' x 80' farrowing house, 192.6 gallons to keep water warm for 300 head of cattle, and 100 gallons to brood one household of chicks. After checking gallonage cost, Keppy said he was convinced that LP-Gas is economical. Other farm families can multiply the Keppy gallonage figures by the price of LP-Gas in their areas to determine costs for similar consumption on their farms.

4-H To Launch Own Special Satellite!

Take it from America's top teenage safety experts—accidents are just as vital a problem to the nation as satellites. That's what the eight national winners of \$400 General Motors Scholarships for outstanding 4-H safety activities told newsmen recently in Chicago.

"Just because we are entering the space age, we can't take our eyes off the tremendous losses from highway and farm accidents suffered each year right here on earth," they declared.

The national winners and 34 other state winners received all expense trips to the 4-H Club Congress in Chicago from General Motors. Plan Special Safety "Moon" They pledged to lead the nation's 4-H members in an all-out drive against accidents. "Young people have the greatest stake in promoting safety because our futures are so deeply affected," they said.
