

### None Injured in Accident Series

In an accident that occurred at 7:30 p.m., Tuesday at a county road intersection one mile east of Atkinson and a half-mile north, two cars and three persons were involved but none was hurt. Operators of the vehicles were Earl Houts, 69, of Atkinson, driving a 1953 Ford westbound, and Ralph Ries, 62, of Atkinson, driving a 1952 Chevrolet northbound. Damage to the Houts car was estimated at \$400; to the Ries machine, \$450.

Houts suffered a scalp cut and was taken to the Atkinson hospital. Several stitches closed the wound and he was released. Ries and his wife, who was with him, were treated for minor cuts and bruises and released.

State Highway Patrolman Eugene Hastreiter, investigated. At 8:45 p.m., Monday a car-truck collision occurred 14 miles north of O'Neill. Mrs. Lillian Simonson, 68, of O'Neill was driver of a passenger car that pulled onto the highway from a county road and was struck by a semi-truck loaded with hogs, driven by Merle Waldo, 34, of Creighton. Three other women in the car—all Mrs. Simonson's sisters—were unhurt. Mrs. Nora Knapp of O'Neill, Mrs. Garnett Van Sickle of Abask, Sask., Can., and Mrs. Mary Strickland of San Francisco, Calif.

Neither vehicle upset, Hastreiter said. At 11:50 p.m., Monday Gerald Butterfield, 57, of Inman was operating a car pushing a stranded machine being operated by Albert Kopetjka, 42, of Inman. The car being crashed into the Finkbine hardware building on Inman's main street. Damage to the store was fixed at \$150.

### Blackouts, Baby, Perfect Hitting Make Rocket News

Last Thursday evening the lights went out during the O'Neill-Oakdale North-Central league game being played at Oakdale. At the time of the blackout, Oakdale was ahead, 5-2. The umpire allowed a play in progress when the lights balked O'Neill protested and appealed to league officials.  
Loop leaders ordered another game to be played and the re-play was staged Sunday eve at Oakdale. O'Neill won the second edition, 2-1, and there was no blackout except when Darrel Heiss was delivering to Oakdale batsman.  
Heiss didn't give up a hit until after one man was down in the ninth. He had a perfect night at bat—two doubles, two singles and he was intentionally walked.  
Oh yes, his wife delivered a bundle of joy that evening, too—a baby girl.  
Mr. and Mrs. William Kostic of Flushing, N. Y. are spending their vacation with her parents, Mr. and Mrs. John Turner.

### House Disintegrates in Mystery Blast

(Continued from page 1.)  
switch may have triggered the explosion.  
Wednesday an exhaustive check was being made on the refrigerator model and its component parts in an effort to trace the cause to the vial of refrigerator gas. The team of experts deliberately tried to ignite similar gas in tests with no success.  
The state fire marshal indicated the problem would be placed before the National Board of Fire Underwriters, which has an investigative division.  
Mudloff is married to the former Irene Parks. They bought the quarter-section farm in 1946 and have improved it regularly. The old dwelling had been remodeled, modernized, and was well furnished. The sewer system was several years old.  
A 2 x 6 piece of wood about 6 feet long was blown into a tree-top. Leaves on the trees were singed by the heat. Particles of broken glass were found 40 feet in all directions. Large chunks of brick and mortar, formerly in the chimney, were found in the yard. The dwelling was heated with an oil fuel space heater. Fuel tank was improvised with a series of oil barrels welded together. But the tank on a cement foundation revealed no inner violence.  
Water pipes in the partial basement were twisted and the outside television antennae tower was bent like a hairpin. Insulation which had been placed between the studs and the siding and in the ceiling was strewn about the farmyard.  
Mudloff said the insurance on the property, placed with a Battle Creek Mutual company, would partially cover the loss.  
The Tony Mudloffs are staying with Mr. and Mrs. Gene Mudloff and family in the same neighborhood.  
L. B. Taylor of Page, a spectator on the scene early, summed it up: "Must have been a terrific explosion. Don't see how any one could be close by and live through it."  
Commented Mudloff from his hospital bed: "I'm a lucky fellow. It must have been Providence, I guess, that spared my family and me."  
One of the doors of the dwelling was the largest bit that survived the pressure somewhat intact. Ventilation blinds and curtains were blown across the fence. Some personal effects strewn about the yard could be identified. Otherwise the scene was ruin and despair.
