## Set for Holt County 1959 ACP Program

The Federal Government, through the Agricultural Conservation Program, is ready and willing to help defray part of the cost of the conservation work being performed in Holt County.

Special ACP handbooks containing a list of the conservation practices approved in this county have been mailed to all Rural Route box holders and known operators and owners living in townships. If you have not received a copy of this handbook, please stop at the office and request yours.

The official form on which to file your request is now available at the county ASC office. Your request for Federal cost-sharing must be filed with the Holt County ASC Committee on or before March 31, 1959. For all other practices, your request must be filed during the 30-day period prior to the time when the practice will be started. A request will not be accepted if performance of the practice has been started before the request is made.

A soil analysis must be obtained by you and filed in the County ASC office before cost-sharing can be approved for the application of lime or superphosphate. The only approved testing laboratory for Holt County is the University of Nebraska at Lincoln. Anyone interested in performing ACP practices must make their request by the dates specified above.

Poor Visibility

Although you would never know it now, the blizzard conditions that prevailed just a few days ago brought visibility near zero. These trees were photographed at the height of the storm in front of the library in O'Neill. The Frontier photo.

# Two Local Boys and The 'Overshoe Blues'

By Mrs. Mark Hendricks

Ricky Huston spent the weekend with his friend, Charles Chaffin recently.

As boys will do, they left their overshoes laying out doors when the evening chores were over Friday night.

You can easily guess at their countenances, Saturday morning when it was again chore time and they saw all this very heavy wet snow and remembered where their overshoes were.

Mom had come to the rescue, as Moms always do, and brought them in after the boys were off to bed that night so they were nice and dry and warm. Thanks Mom.

Markita Hendricks and Shirley Holstead spent the weekend of March 15 at the home of Mr. and Mrs. Omer Points near Stuart.

Mrs. Points is Markita's grandmother.

Mr. and Mrs. Mark Hendricks and Arlin attended the grassland days meeting at Stuart Friday.

Arlyn says those pictures that Rex Messersmith showed will help him a lot in his geography and history and it was well worth missing school to see them. He even got to shake hands with Rex and ask a question or two about the "Atomium" which Rex showed slides of and which Arlin has had in the school weekly readers.

Leonard Chaffin attended the bullsale at Butte March 10.

The Wesleyan Methodist Teachers Training Classes met at the Merrill Anderson home the evening of March 12th.
