### Atkinson Feature

## German Harp, Guitar Is Cowboy's Hobby

By Mrs. Merrill Anderson

Lee Anderson, ranch hand of Atkinson, doesn't spend all of his time in the saddle, but finds time to strike up some very good harmony with his guitar-harp duo combination.

Lee recently returned from Germany where he spent 13 months of his three year stretch in the service with Uncle Sam, with the army mule pack division.

The double reed Horner harmonica which he bought in Germany is made up with six individual harps, each of a different key.

While in Germany, he won first place in his particular division in a talent contest.

Two years prior, he, with other army talent, played before an audience of 1600, in the spring round-up program honoring the graduating class of Manhattan College, Kansas. He also appeared on a TV show in Los Angeles. At Abilene, Kans., he played for Memorial day exercises, preparatory to the opening of the horse racing season.

Having had some practice, he was induced to ride in the races as a jockey riding three horses. He won first place, riding a "pancake saddle", hand made and weighing but three pounds.

Lee is quite well known here

having been employed in O'Neill before going into the service.

Lee Anderson likes to play his guitar-harp combination for enjoyment after working in the saddle. He has won a contest in Germany with the musical combination.
