WEST O'NEILL PH. 526

It's going to be hard work. Coach Jake Hawley makes it clear at O'Neill high school's first outside grid session. The new coach is explaining the fundamentals of blocking for returning veterans as well as freshmen.

### Footballers Take Field First Time; New Coach Stresses Fundamentals

Both O'Neill football squads took to the field during the week despite hot weather.

The morning hours are being used for limbering up and in the case of the O'Neill Eagles, the boys are getting a chance to meet and understand their new coach, Jake Hawley.

Hawley started the boys off on fundamentals of blocking and proper line play.

It appeared, from morning practice sessions that Hawley will use a modification of the T formation during the season.

The new O'Neill high school mentor replaces Marvin Miller, who has been appointed principal. Hawley will also teach science at the high school.

Hawley graduated from Huron State college in 1955 at which time he was captain of his team. He is a Marine veteran and a former Camp Pendleton footballer.

St. Mary's Academy also took to the field with chalk talks in the afternoons and beginning workouts in the morning.

Don Tempmeyer, SMA's coach again this year, said he expected to field a heavier team this year, particularly in the line. Tempmeyer has only six veterans back this year. (See photo).
