**YOUR COUNTY FAIR'S BIGGEST BOOSTER**

County fair exhibition halls, livestock barns and other buildings all across Nebraska could very well carry the Ak-Sar-Ben brand. During the past six years, Ak-Sar-Ben has contributed over a quarter of a million dollars to county fairs on a dollar-matching basis. This money has been used in practically every county of the state for much-needed improvements of buildings and grounds.

In addition, Ak-Sar-Ben appropriates \$25,000 each year in special premiums for 4-H and FFA exhibitors, plus thousands more for open classes, at County Fairs. All this is in addition to the license fees and admission taxes collected at Ak-Sar-Ben race meets, which bring many more thousands of dollars every year to Nebraska's County Fairs.

Like your County Fair, Ak-Sar-Ben is a non-profit organization. Its County Fair programs and other public service projects, made possible by thoroughbred racing, are making a lasting contribution to our state.

**AK-SAR-BEN**

Headquarters...201 Patterson Bldg., Omaha, Nebraska  
FOUNDED FOR PUBLIC SERVICE...NOT FOR PROFIT  
**1960 RACES - MAY 13TH THRU JULY 4TH**

For the past few years Ak-Sar-Ben has published a series of informative messages to acquaint the people of Nebraska with its program and its purposes. This is the second of the current series.

**WORTH MORE BECAUSE THEY WORK MORE!**

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

**6'S SWORN TO SAVE**  
Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

**SHORT STROKE V8'S**  
Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

**SLICK NEW SUBURBAN CARRYALLS**  
These handsome new handy haulers "double in brass"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

**NEW DOLLAR-SAVING PRICES**  
Chevrolet's low prices make big truck news for '60. They mean money in your pocket on model after model. Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Also, prices have been reduced on all optional V8's.

**SEE YOUR DEALER**  
It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.

**TORSION-SPRING RIDE**  
Each front wheel, suspended independently of the other, is free to step individually over bumps. And shockproof torsion springs up front soak up the jars and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

**NO SHIMMY, NO WHEEL FIGHT**  
Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

**CABS FOR BIG GUYS**  
Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.
