Scotch Toffee WITH PECANS! Meadow Gold ICE CREAM New Scotch Toffee Ice Cream makes you want to taste and taste and taste! The toffee is made the old-fashioned way, with real butter. The ice cream is studded with toasted pecans... then blended in an ice cream of rich, buttery butterscotch.

There's no spring break-up on concrete! THE DRIVING IS FINE IN THE SPRING when your roads are paved with all-weather, modern concrete! Year after year, modern concrete highways come through the "spring break-up" season without potholes, ruts and washouts to jounce your car. All year long, concrete gives you the smoothest ride ever. Because concrete is rigid and solid instead of soft and flexible—it bridges soft spots formed under the pavement by spring thaws—and resists the "frost boils" that push through thinner, softer road surfaces. That's why you aren't always finding detour or "heavy traffic prohibited" signs on concrete. And why maintenance costs stay so low. Moderate in first cost, too, concrete is the true low-cost pavement in the long run. It's the first class pavement for heavy-duty highways.

AK-SAR-BEN NEBRASKA SUPPORT ITS PROGRESSIVE PROGRAM Without Ak-Sar-Ben, more than 200 young Nebraskans every year would find it difficult—perhaps impossible—to continue their university education. Without Ak-Sar-Ben, Nebraska's County Fairs would have had to ask for more money from the taxpayers of their own counties to make necessary improvements of buildings and grounds—or their facilities would become obsolete. Without Ak-Sar-Ben, many Nebraska communities would have had to do without important life-saving, fire-fighting or hospital equipment—or have turned somewhere else for the money to buy it. Without Ak-Sar-Ben, many 4-H and FFA projects could not be continued. Help keep Nebraska great by joining Ak-Sar-Ben and supporting its progressive programs!
