By Mrs. Ben Asher

Mrs. Emma Kemper was surprised on her birthday anniversary Tuesday afternoon when six neighbors took in icecream and cake and spent the afternoon with her. Guests were Mesdames Frieda Asher, Bertha Downey, Hester Edmisten and P. E. Nissen and the Misses Grace and Nellie Wood. W. S. C. S. was held on Thursday afternoon in the Wesleyan

Room. There were two guests, Miss Elsie Lamason and Mrs. Earl Stevens present. Mr. Harold Heise had the devotion and Lesson entitled "Open Thine Eyes", with appropriate scriptures by Mrs. J. W. Finch and Mrs. John Steinberg. Mrs. Elmer Trowbridge accompanied them on the piano. The business part of the meeting was conducted by Mrs. J. W. Finch, pres. They received \$134.00 for serving the athletic banquet. Four ladies attended the annual spring meeting held at Wayne. They were Mesdames John Steinberg, Edgar Stauffer, J. W. Finch and Harold Heise. The ladies all except Mrs.

Stauffer gave brief reports on the meeting. It was voted to give the baby of Mr. and Mrs. Green a \$5.00 special membership. A birthday card was sent to Rollie Snell who is 88 years old. Get well cards went to Mrs. Earl Parks and Veldon Gray. Mrs. Harper also sent cards on behalf of the W.S.C.S. to Edgar Stauffer and Lyndley Crumly. Hostesses were Mrs. Cliff Leach and Mrs. George Clasey.

Mr. and Mrs. Jerry Lamason took Miss Elsie Lamason back to Norfolk after spending a week here visiting friends and relatives. From Norfolk they went to Randolph where they met Diane Cork who came to spend a weekend visiting her parents, Mr. and Mrs. Lloyd Cork. She returned on Sunday to Sioux City where she is a student nurse.

Naper News

By Mrs. John Schonebaum

Mr. and Mrs. Clarence Beem went to Wagner, S. D. on Friday to attend the funeral of Mrs. Fred Beem, an aunt of Mr. Beem's. The senior class presented their class play, "A Feudin' over Yonder", on Friday and Saturday evenings to a nice crowd.

Mr. and Mrs. Roy Davis and family went to Stuart on Tuesday evening, Apr. 19 where they met their son, Norman Davis of El Paso, Texas, who was discharged from the service.

Mr. and Mrs. Lawrence Ahlers and family and Mr. and Mrs. Henry Stahlecker and Laura were Sunday dinner and luncheon guests of Mr. and Mrs. John Schonebaum and Daniel.

The pancake supper that was served on Saturday evening by the Naper ladies auxiliary was a great success. They enjoyed serving all that attended.

MARTIN for Congress

This ad paid for by Martin for Congress Committee, W. D. Richardson, Treas.

What's that 3rd pump doing at Conoco?

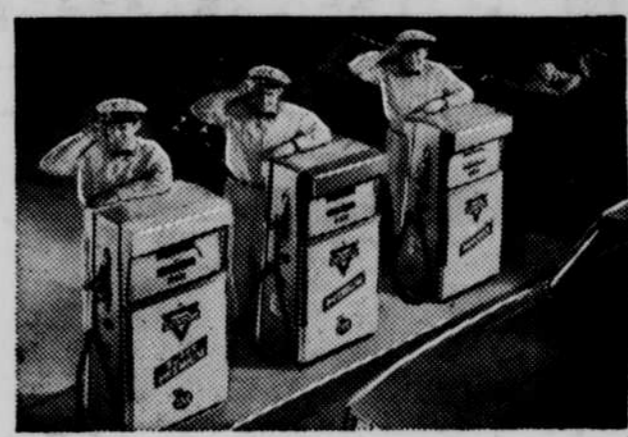

Answer: to provide you with the right gasoline power at the right price for your car! Which Conoco grade should you use? How can you tell? Conoco answers these and other 3-grade questions below.

Q. Why is Conoco offering a choice of 3 grades of gasoline?
A. To meet the power needs of today's wide range of cars. Only with 3 grades can you be sure of no wasted octane, no wasted money... paying only for power your car needs.

Q. How can I tell which Conoco grade is for me?
A. Listen to your car! Start with Premium. If it doesn't knock, you may be able to use Regular. If it does knock on Premium, step up to Super Premium.

Q. What is this new Super Premium gasoline, anyway?
A. It's Conoco's highest octane gasoline (101 plus!), especially made for today's top-horsepower, top-compression cars.

Q. My car works fine on Premium. Why use Super Premium?
A. Don't! If your engine doesn't knock on Premium, save your money! Fact is, Conoco's new Premium actually saves you money!

Now! Pick your power—and save—with 3 great grades of Conoco Gasoline. Conoco Super Premium with TCP* plus combines 101 plus octane with TCP plus power-booster. Conoco Premium with TCP plus saves you money compared with other premiums. Conoco Regular offers smooth performance, generous mileage, for all cars designed to run on regular.

Q. Which of Conoco's gasolines have TCP plus?
A. Both Conoco Super Premium and Conoco Premium. We don't put it in Conoco Regular, because low-compression cars don't really need TCP plus for efficient operation.

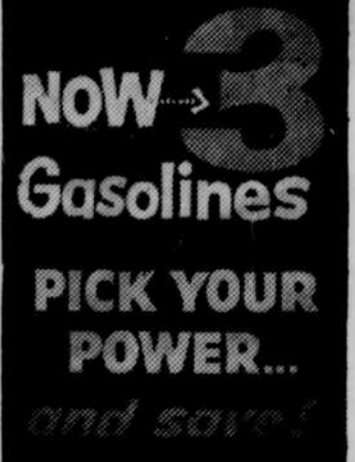

Q. Just what is TCP?
A. Tri-Cresyl-Phosphate... used to neutralize fouling spark plug deposits, improve spark plug life, reduce preignition.

Q. What's the plus in TCP plus stand for?
A. For Conoco 405—a specially developed additive that oil-plates rings, valves and cylinders with a tough shield of lubricant.

Q. My car used to run fine on Regular, but now needs Premium. Why?
A. As cars get older, carbon deposits build up. This increases your engine's compression ratio and the need for a higher-octane fuel.

Q. Will high-octane gasolines such as Super Premium and Premium burn out my valves quicker?
A. Just the opposite! A knock-free engine actually runs cooler!

Q. Are all Conoco stations in my neighborhood featuring 3 grades of gasoline?
A. Not just yet. All 3 grades are available only at Conoco Stations displaying this sign.

Start to save today... the 3-grade way... at...

HAZEL ABEL
declares
"WAR ON WASTE"

WASTE of Water and Top Soil.
Nebraska is richly endowed with surface and underground water. We must militantly conserve this treasure and use it wisely. We know the ravages of floods—the unrestrained runoff of melting snow. We must impound flood water and put it to constructive work. Of all areas of Federal participation in local affairs, Soil Conservation is the most practical.

WASTE of Materials.
Shame shocks all of us when we approach our cities and towns and are confronted with the twisted auto frames in junkyards. After all, scrap metal helped win World War II. Let's convert this waste into useful material. Litter along our highways and byways, too, defaces our countryside. Let's wage war on this wastefulness!

WASTE of Natural Scenery and Historic Points.
Many Nebraska scenic beauty spots and points of historical interest are simply unknown. Let's build access roads, attract tourists, sell Nebraska! Nebraska is rich in historical lore. Let's exploit these exciting legends. Let's wage war on this type of waste!

WASTE of Human Life.
We must step up our continuing battle against the costly destruction of men and machines on our highways. In mobilized America we must wage war on Death-dealing drivers and Death-trap highways.

WASTE of Our Talented and Educated People.
"Raiders" from the industrial East and West, governmental agencies and educational institutions regularly come into our State to syphon off the cream of our young people with lure of greater opportunities and bigger incomes. Let's redouble our efforts to help these people create career opportunities by going after new industry, expanding "homegrown" industry, stabilizing our economy.

WASTE in Agricultural Products.
Let's avoid waste by bringing food processing closer to the source of supply; let's speed additional agricultural research for crops new to Nebraska—safflower, sesame, edible vegetables, other high-income crops having industrial applications.

WASTE in Government.
Here's where our battle cry can make itself felt immediately! Inauguration of central accounting and central purchasing procedures in all Statehouse departments, will result in immediate savings up to one million dollars a year!

WASTE of Government Expenses
Nebraska Must Not Make "Michigan Mistakes"
Put ABLE Leadership in the Statehouse

Elect HAZEL ABEL
Republican for Governor
