Change Wash DAYS to MINUTES with a modern ELECTRIC DRYER

Leave all the drudgery of laundry - lugging and clothes-pinning behind. An electric dryer is such a convenience—in any weather, at any hour, you can have soft, fresh clothes, ready to fold and put away or damp dry for ironing. And you'll enjoy years of trouble-free service with an electric dryer because of its simple construction and minimum number of parts.

It costs an average of only \$1.50 a month to dry clothes the modern, electric way. You can actually operate your dryer for two to four years on the money you save on the purchase price alone.

An electric dryer is clean and safe as electric light! A twist of a switch sends sunshine-pure radiant heat through the gently tumbling clothes. Every load of clothes comes out springtime fresh and clean—white clothes stay white and colors sparkle bright.

An electric dryer is fast. An 18-pound load of wet cottons dries thoroughly in 26 to 30 minutes in any electric dryer. You'll find your dryer keeps pace with or stays ahead of your automatic washer.

NEW SPACE AND MONEY-SAVER  
A combination electric washer-dryer takes up little space and costs less than two separate appliances. Saves work, too. Just load it, set a dial—and take out clothing ready to iron or put away. Ask your dealer to show you one of these new combination units.

## SPECIAL INSTALLATION OFFER

Be sure to ask your favorite Electric Appliance Dealer or Consumers Public Power District about the "Special Installation Offer." It's your opportunity to SAVE more.

Choose your electric dryer from these dependable national brands:

Blackstone — Coronado — Easy — Frigidaire — General Electric — Holpoint — Imperial  
Kelvinator — Kenmore — Maytag — Norge — Philco-Bendix — RCA Whirlpool
