O'Neill Eagles Still Unscored on; Face Game with Burwell Friday

A touch-down nullifying penalty penalty against Neligh Friday night was the lone factor in keeping the O'Neill Eagles' goal line uncrossed. The Eagles bolstered their defenses to keep Neligh scoreless and went on to win 25-0. O'Neill suffered, too, from a penalty that cancelled a touchdown. McGinn's pass to Kilcoin for a 47-yard touchdown play was called back for an offside infraction in the first quarter.

On the next play, however, Kilcoin ran off right tackle for 52 yards to score a touchdown. O'Neill played raggedly in the

second quarter, losing the ball three times on fumbles. On the last fumble Neligh recovered on the Eagle 18 and passed to the three yard line, setting up the play that led to the Warrior touchdown. After two attempts, the Neligh squad drove over the goal only to have the play called back for a backfield-in-motion penalty

The Eagle line held after play was resumed and time ran out for the second quarter.

In the third quarter the Eagles drove 65 yards and 68 yards, respectively, for two touchdowns and scored again in the fourth with a conversion to make the final score 25-0.

Friday O'Neill meets Burwell here at 7:30 p.m. Burwell has a 6-2 record losing only to Bro-ken Bow and Ravenna, scoring 137 points to their opponents 52. O'Neill's scoring stands at 178-0.

Burwell brings a line averaging 182 pounds—26 pounds heavier than O'Neil!—into Friday's fray. Eagle backs average 150 pounds as compared to 164 for Burwell.

Expected to Win

Political observers believe and are predicting that Carl Curtis will be reelected for a second term in the U. S. Senate.

Senator Curtis' ceaseless fight for fair treatment to agriculture, his record for economy, and his fearless exposure of racketeering have given him a substantial lead in all polls.

WHAT ABOUT SALES TAX? I am definitely decided that we now have a tax burden which is working a hardship on the people in my district. Therefore I favor overhauling our present antiquated tax structure to provide a more equitable distribution of the burden. Sales Tax may or may not be the answer . . . I'm not yet fully decided-but of this I'm certain: I will not favor a sales tax unless it is definitely a replacement tax.
