

The army enlistment of Lyle M. Johnson, 18 of Spencer, for training as a military policeman was announced by Sergeant William Cousins, Army representative in O'Neill.

Fred W. Lammert, Chief Aviation Machinist's Mate, USN, of Gretna, La., and husband of the former Miss Mina A. Albrecht of Atkinson, graduated September 24 from the Naval Air Training Command's Chief Petty Officer Leadership school at the Naval Air Station at Pensacola, Fla.

Cadet Lt. Colonel Gordon Fox of O'Neill has been appointed Vice Wing Commander in the 465th Air Force Reserve Officer Training Corps Cadet Wing at the University of Nebraska.

The ROTC Program is designed to train men to become qualified junior officers in the U. S. Air Force upon completion of college.

All of the Wing Staff positions were appointed to their positions on the basis of performance during their junior year in ROTC and upon their performance during a four week summer training period which was completed this summer at Air Force bases throughout the United States.

*Some secrets its owner can't keep!*

We wouldn't go so far as to say that your life is an open book when you're seen in the company of a new Cadillac car.

But we will admit that at least a few of the pages have been turned.

For a Cadillac indicates—with unmistakable clarity and eloquence—the personal virtues that lead a man to the "car of cars".

Beautiful, distinctive and substantial—it reflects his eminence in his field of endeavor... and testifies to what he has made of his years.

Gracious, spacious and luxurious—it denotes his desire for comfort... and his concern for the well-being of his family and passengers.

Practical, sound, and desired—it evidences his awareness of the true aspects of value and quality.

And if a Cadillac has historically cast such credit on its owner—how much more grandly it will do so in 1961!

For the car now offers more of everything to inspire the respect of those who behold it.

Its styling is graceful as never before. Its interiors are remarkably generous in every dimension. And its performance and ride make every journey a miracle of motion.

You ought to inspect and drive this 1961 Cadillac. Your dealer will be delighted to accommodate you. And we wager you'll quickly see the wisdom of letting the "car of cars" reveal a few discreet secrets about you.

*It's the unity in a community that gets the job done*

*The job at Gordon...*  
**A HIGH SCHOOL ADDITION**

Students at Gordon are now enjoying the benefits of a new high school addition, made possible by the united effort of the community in approving a bond issue.

One of the first "all-electric" public high school buildings in Nebraska, the addition is heated by low-cost electricity. Interested in the growth and development of the 355 communities it serves, and of the state as a whole, Consumers satisfies every electrical need of every segment of the population.

This is another in a series of salutes to outstanding local and regional achievements which have demonstrated the power of people working together.
