

We're Celebrating Our Anniversary 10 Years - 10 Days - 10% Discounts

APRIL 27 THROUGH MAY 6

in the all-new John Deere THIRTY-TEN

In Thirty-Ten Series Tractors—whether you're a row-crop farmer, a grain grower or a combination of both—there's a tractor just right for you. For your 4- and 6-row operations choose the "3010" Row-Crop, above, or the "3010" Row-Crop Utility . . . for down-to-earth lugging ability on grain operations, the "3010" Standard. Choose gasoline, Diesel, or LP-Gas engine.

Need a new truck?

We offer the most complete line.

Or a used truck?

We either have the Hi-Value used truck you need — or we can get it quickly.

Want to trade your old truck?

We'll give you a generous trade-in allowance.

Need service on any truck?

That's our business.

Medium and light-duty models have stronger frames and springs for longer life, wider cabs for more comfort. True-truck V-8 engines are standard equipment.

THIS YEAR We Complete **10** Years of SERVICE to the Farmers of This Community

"Large streams from little fountains flow; Tall oaks from little acorns grow."
—David Everett, 1791

PARDON this tooting of our own horn but we are proud to have been a part of this community . . . a service to the farmers of this area these many years. We are pleased, too, with the growth of our business from its acorn beginning. For this growth, we humbly thank you, our friends and neighbors, for we realize no business can succeed without customer-confidence in services and products offered.

To follow the custom, we should look back over the years, talk about the "good old days" and bask in the light of our accomplishments. However, for us, the future holds the greater challenge. We're glad we're in the farm implement business and are associated with an industry that offers the finest way of life for any man . . . agriculture.

With pride, we have offered a quality line of farm equipment . . . John Deere. We have the trained personnel, modern shop facilities, and a well-stocked parts department ready to deliver the kind of service farmers have every right to expect . . . service that will enable you to farm easier, more profitably.

We look to the future with this aim—that we may continue to be your working partners through the many years ahead!

There's No Better Rake AT ANY PRICE...

FARMHAND MODEL 25 RAKE is the newest model of the amazing wheel rake that's taken the hay country by storm . . . the rake that's unmatched for raking on smooth or uneven ground, yet costs at least \$100 less than most other rakes.

You save money in the price of the rake itself . . . through minimum repair costs because of its few moving parts . . . and through the cleaner, gentler raking job the Model 25 gives every time you use it.

The Model 25 doubles as a windrow turner and even adjusts for offset raking to right of tractor—two big bonus features. Easy to hook up and requires no P.T.O.

Arrange for a demonstration today. When you see the Farmhand Model 25 in action—and check its price—you'll really appreciate its superiority over other rakes!
