NOTICE TO TAXPAYERS

January 1st is the assessing date. All property must be reported for taxes as of this date. Anyone who owns personal property on this date must make out an assessment schedule. This includes people who are under 21 that have household goods or other personal property. The law places the responsibility on the taxpayers to list their property. New improvements on real estate are to be reported at this time. Property of minor children, incompetent people, and estates must be reported by guardian or administrator. The law provided a 50% penalty on valuation of tangible property for failure or refusal to list.

Everyone between the age of 21 and 60 (except active firemen) must be assessed for head tax.

There have been two important changes in the law for 1962. The law requires everyone who owns a cabin trailer that has been in the county 30 days or over to get a permit without exception. Taxes on cabin trailers must be paid before a permit can be issued. If you own a cabin trailer and did not receive a tax statement, please stop at the Assessor's office and get a tax statement before going to the Treasurer's office for the permit.

We will be mailing out Motor Vehicle statements before January 1st. If your statement is not the same as the registration on your car or if you have moved or traded cars since the last registration please come to the Assessor's office and get a new tax statement.

A new law was passed providing for penalties on intangible class of property. There are two classes of intangible property, "A" and "B". Class "A" is money, accounts receivable, postal savings, and most any kind of cash or checks. The tax on this class is \$2.50 per \$1000.00.

Intangible "B" class is Stock and Share in corporations, Investment Co., tax sale certificates, bonds (except U. S. Savings Bonds), notes (except notes secured by mortgages on Nebraska real estate), Building and Loan (full amount if located outside of Nebraska, a percent in some companies located in Nebraska), annuities and royalties and etc. The tax on this class is \$4.00 per \$1000.00. The penalty for not reporting intangible property is five (5) times the amount of tax. If the tax was \$100.00 and not reported, the penalty would be \$500.00 plus the original. The law also applies to estates.

Assistant Assessors will be on hand in the different precincts to assist you in making out your schedule, business schedules will be mailed out, individual schedules will be available at the courthouse or from any assistant assessor. It will help us in the office if you will get your assessing done as early as possible.
