

how to grow corn without weeds...

—at planting time apply

ATRAZINE

or

SIMAZINE

HERBICIDE

One application of Atrazine or Simazine herbicide eliminates weed nuisance—controls broadleaf weeds and grasses right through to harvest.

These safe, modern weed killers can reduce or eliminate cultivations, save seasonal labor demands, and help you get higher yields by keeping weeds out of corn.

FREE WEED CONTROL MANUAL

Learn the latest methods in the science of weed control. Mail a postcard for your free 32-page full color manual of instruction for Atrazine and Simazine herbicides. Address Geigy Agricultural Chemicals, Saw Mill River Road, Ardsley, N. Y., Dept. RG-2.
