## To The Voters Of Holt County

We are faced with a problem that is becoming far too prevalent for the good of our form of government. Why don't we have more qualified candidates for our county offices? Correction of this situation would be beneficial to all of us who value our treasured right of choice. It is distinctly to the credit of the voter to have the opportunity to choose between two qualified candidates. Let's encourage qualified candidates to pursue public office against the incumbents by lending a hand to Kieth Abart's support. The record indicates such action would stimulate interest and give us reason to go to the polls because a choice is offered. The right stroke of the pencil on election day for Kieth Abart will serve as an inducement for other qualified men to pursue public office thereby giving us reason to go to the polls and make a choice. This right we should cherish dearly in our country.

Your support in behalf of Kieth A. Abart will be appreciated by the family.
