A LITTLE WILL GET YOU A LOT OF . . .

CO-OP AMMONIUM NITRATE

How Much Extra Corn Profits Do You Want?
Side dressing your corn with as little as 120 pounds of CO-OP Ammonium Nitrate per acre can increase your yield by about 20 bushels per acre . . . an extra profit of some \$20. A more liberal side dressing can increase profits up to as much as \$75 per acre.

CO-OP Ammonium Nitrate is the top-quality dry nitrogen in familiar prilled form, with long history of producing top-yield, top-profit corn. Uniform, free-flowing . . . easily applied with fertilizer spreader, corn planter or side dresser on cultivator, etc. . . . Apply any time prior to third cultivation . . . The Sooner The Better.
