In Orleans...

THE EQUITY CREAMERY

The Farmers Equity Creamery at Orleans, founded in 1917, contributes to the economy of southwestern Nebraska, northwestern Kansas and eastern Colorado. It employs 35 people; operates a fleet of 22 trucks and cars; and annually produces approximately 2,000,000 pounds of butter, 150-200,000 pounds of powdered buttermilk and 100,000 gallons of ice cream.

Helping home grown industry with efficient, low-cost electric power is another benefit accruing to all Nebraska through Consumers, Nebraska's only state-wide electric service.

All Rural High School Students should bring their Free High Tuition cards the day they register

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that...

NEBRASKANS were asked to contribute \$19,312 in "war taxes" to the Federal Government. The people of this territory claimed the sum was far beyond their abilities to pay. So Congress released Nebraska from the obligation—and instead failed to appropriate \$20,000 for the territorial legislative session of 1862-63.

Nowadays, the brewing industry in Nebraska contributes more than \$10,000,000 annually in taxes, or 500 times more than the "war tax" of 100 years ago. This money helps support our schools, highways and parks.

TODAY in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.
