**A Health and Pleasure Resort.**  
 By a days ride from Lincoln over the Fremont Elkhorn and Mo. Valley R. R. and a ten or twelve mile jaunt in a stage especially adapted to the comfort of the passenger, one can reach the already famous Hot Springs of Dakota. Without doubt the equal and perhaps the superior of any medical springs in this or any other country. You may say this is exaggeration. It is not however but the plain truth, as many people testify. The waters of these springs, unlike any other known springs in the world, issue from the ground at from 90 to 98 degrees, or blood heat just the right temperature for the human body. This is a particularly valuable feature as the medicinal properties are thus preserved intact and give to the bath or drinker the highest possible benefit. The location of the Dakota Hot Springs challenges comparison with others in respect to healthfulness and climatic condition. At their altitude of 3,300 feet above the sea level a clear dry and bracing atmosphere, absolutely free from malaria, is insured. The picturesque surroundings, the hills, mountains and the wonderful fossils and petrifications found adjacent to the springs, interest all the senses of the beholder while the daily baths are doing their wonderful work. As to what they will cure E. H. Pratt, M. D., L. L. D. of Chicago, says, "So far as my personal observation goes these springs are remarkably efficacious in the cure of rheumatism (particularly sciatica) nervous prostration, insomnia, bowel and bladder troubles and various kinds of skin troubles, and all kinds of female troubles."  
 A \$40,000 modern hotel and other places of low pretension, afford accommodations suitable to all. The Elkhorn line has made a low round trip direct to the springs and provide sleeping car service to and from Buffalo Gap, the nearest station. Pamphlets and other matter giving full particulars can be had by calling on or addressing Geo. N. Foreman 115 south 10th street, Lincoln, Neb.

**Fancy Names for Railroads.**  
 It may be a good advertising scheme to decorate the alleged fast trains of the modern times with appellations such as "Eli," "Geo-Whiz," and "Cannon Ball," to catch the eye of the traveller who does not know "tother from which," but the business man and constant traveller is not to be caught by chaff of that kind.  
 The Chicago, Milwaukee & St. Paul Railway runs its own fast trains, with vestibuled sleeping and dining cars, from Omaha and Council Bluffs to Chicago, connecting there with the fast trains, morning and afternoon, to all Eastern cities.  
 The Chicago, Milwaukee & St. Paul Railway, in connection with the Union Pacific Railway, also runs through cars between Denver and Chicago, and this is the favorite route from Colorado and Nebraska to all principal points east of the Missouri river. This line uses no fancy names to designate its trains, but "it gets there just the same."

John Varcoe, book-keeper for the San Jose Cala. Times, was troubled with a severe cold and especially at night had bad coughing spells. A few doses of Chamberlain's Cough Remedy completely cured him. Sold by A. L. Shader, Druggist.

T. W. Burr, merchant, Delma, Tex., has used, sold and heard what people have said of Chamberlain's Pain Balm. He says: "It cannot be equalled." It cures sprains, soreness of the muscles, aches and pains. Sold by A. L. Shader, Druggist.

Turn horses out in a good pasture for a few weeks, when they get in bad condition. If that can not be done use Dr. Cady's Condition Powders; they will put a horse in perfect health. A well horse don't need medicine. Hay, grain and good care is better. Dr. Cady's Condition Powders are a true horse medicine, (not a dope); they aid digestion, cure constipation, kidney disorders and distroy worms. Sold by A. L. Shader, Druggist.
