The Lincoln Bykers.
Walton is anxious to hear from the Victor safety. He will make the boys rustle out on the road.

Elmiston has bought his machine back. He says he is in love with the New Mail and its ball head.

Sullivan, the long-distance rider, is going to Omaha Sunday on that new Eagle or know the reason why.

Kelley has quieted down and is now reading law in the City Attorney's office. Meanwhile the "ice-wagon" is resting.

The club room has been moved to 432 South Eleventh street, a much better location. Some of the members are dissatisfied, however.

It is understood that "Fully" went to Council Bluffs last Monday, where he has accepted a responsible position as book-keeper for a large firm.

The weather permitting, the boys will probably go to Omaha tomorrow. The boys should all turn out, and show the Omahogs how to make a club run.

Messrs. Dorn and Van Horn have received their new tandem safety, and they are consequently happy. The machine is a beauty and the girls may be expecting invitations to ride at any time. The knowing ones say that there will be another tandem in town by spring.

The loan collection of pictures which the Haydon Art club placed on exhibition in the Senate Chamber last Tuesday evening will be open every day from 2 to 6 and from 7:30 to 10 p. m. One of the members of the club will be in attendance each day to receive visitors and it is hoped all interested in the work of the great masters and the best illustrators of the present day will attend this exhibition.

New Cars for the B. & O.
The Baltimore & Ohio R. R. Company has recently given an order for four additional trains of Vestibuled Cars, which will be placed in service between New York and Chicago before the close of the present year. The Baltimore & Ohio now operates a daily Vestibuled service between Chicago and New York and between Cincinnati and New York, and this new equipment will give them a double daily vestibuled service on their Chicago line. The constant improvement being made in its roadway, motive power and car equipment by the present management of the B. & O. is rapidly bringing the pioneer railroad of America into popular favor as a passenger route between the east and the west.
