 petent prescription clerks, with fifteen years

 but the purest drugs and make charges rea-  
 sonable.

When you use engraved cards or invita-  
 tions, you have the finest work of the kind  
 that can be produced. Even her royal high-  
 ness, Queen Victoria, uses just such engraved  
 cards as are sold at the COURIER office, but  
 instead of Lincolns paying \$5.00 to \$5.00 per  
 hundred for them, which is the price in  
 London, New York and Chicago, they pay  
 but \$2.50 per hundred. And this price does  
 not change the quality of material or work-  
 manship, for in the large cities you pay for  
 style, while in Lincoln in order to create a de-  
 mand we must get down close to cost prices.  
 Call and see our work.

**AT THE PARK.**

Lincoln people have reason to be grateful  
 at having so cool and beautiful a place as  
 Cushman park so near at hand. The numer-  
 ous picnics, celebrations and gatherings with-  
 in its shades thus far this season have proven  
 it a very valuable adjunct of the City Beauti-  
 ful. What would we do without it?

The colored people will take possession of  
 the park tomorrow and are preparing for a  
 big time. On Wednesday next the Episcopa-  
 lian and Congregational Sunday schools will  
 unite in a grand all-day picnic. The train  
 will leave the depot at 10 a. m. Preparations  
 are being made to give the picnickers a hearty  
 reception and a day full of enjoyment. The  
 management of Cushman is exceedingly lib-  
 eral as well as attentive, and organizations  
 desiring to have outings should make dates  
 for the park in advance.

**A Streak of Fortune.**

Mrs. W. Keller, of this city, had the good  
 fortune on the 19th day of April to be notified  
 that she was the holder of a twentieth of tick-  
 et number 21,303 of the Louisiana State lot-  
 tery which drew the capital prize of \$300,000  
 and last week she received a sack of twenty  
 dollar gold pieces from the Lottery company,  
 amounting to \$15,000, which she has deposited  
 in the First National Bank for the present.—  
 San Luis Obispo, (Cal.) Republic, May 16.

**Praise From Sir Hubert.**

A more agreeable journey through diversi-  
 fied and attractive scenery than that which  
 can be made by one of the two daily vested  
 fast trains of the Baltimore & Ohio  
 railroad between Chicago and Washington,  
 Baltimore, Philadelphia and New York  
 would be hard to find. The Baltimore &  
 Ohio railroad of today is a vastly different  
 institution from that which it was a few  
 years ago. The antiquated locomotives and  
 cars which then constituted its equipment  
 have given place to rolling stock of the latest  
 and best patterns and the through trains,  
 vestibuled from engine to rear sleeper and  
 including dining cars and Pullman cars of  
 the most modern and luxurious character,  
 compare favorably with those of any in the  
 world. The sleeping cars especially built for  
 these trains a few months ago have some ad-  
 mirable improvements. The elegant sim-  
 plicity of the interior decorations is in marked  
 contrast to the louder ornamentation  
 which not long ago was considered the height  
 of art in such places. The wood is of mahog-  
 any with little carved or raised work, but  
 brought down to the highest finish, carefully  
 selected for fine grain and texture and show-  
 ing highly artistic cabinet work which the  
 eye does not tire of admiring. The improve-  
 ment in the locomotive equipment is equally  
 remarkable. In order to climb the Alleghen-  
 ies, from whose heights the passenger enjoys  
 views of sublimity and beauty which he never  
 forgets, heavy grades and numerous curves  
 were necessary in constructing the road and  
 until recently it required the help of extra  
 engines to get a train to the summit. Now  
 when the foot of the mountain is reached,  
 instead of two or more engines being called  
 into service there is attached to the train a  
 single engine weighing sixty-seven tons, hav-  
 ing six coupled drivers and cylinders 21x26 inches  
 in size, and this powerful machine takes the  
 heavy train up the long stretches of grades,  
 reaching as high as 118 feet to the mile, at a  
 lively pace. The daylight ride over the  
 mountains, especially in the time of verdure,  
 shows a wonderfully attractive panorama in  
 which grandeur and beauty are constantly  
 mingled, and indeed the entire journey be-  
 tween Washington and Chicago proves the  
 propriety of calling this road "Picturesque  
 B. & O."—Railway Age.

**Dyspepsia**

Makes many lives miserable, and often leads to  
 self destruction. Distress after eating, sick head-  
 ache, heartburn, sour stomach, mental depres-  
 sion, etc. are caused by this very common and  
 increasing disease. Hood's Sarsaparilla tones the  
 stomach, creates an appetite, promotes healthy  
 digestion, relieves sick headache, clears the  
 mind, and cures the most obstinate cases of dys-  
 pepsia. Read the following:

"I have been troubled with dyspepsia. I had  
 but little appetite, and what I did eat distressed  
 me, or did me little good. In an hour after eating  
 I would experience a faintness or tired, all-gone  
 feeling, as though I had not eaten anything.  
 Hood's Sarsaparilla did me an immense amount  
 of good. It gave me an appetite, and my food  
 relished and satisfied the craving I had previously  
 experienced. It relieved me of that faint, tired,  
 all-gone feeling. I have felt so much better since  
 I took Hood's Sarsaparilla, that I am happy to  
 recommend it." G. A. FAOR, Watertown, Mass.
