Our New Kansas City Line.
For years Lincoln has pined for proper railway facilities to St. Joseph and Kansas City and when the Missouri Pacific built its line into the capital city, we had about decided that at length we would get the desired first-class service. But alas, such was not the case. It was practically the same old day coaches with its "change cars," and that, too, late at night. Our friends, however, of that greatest of all western railways, "The Burlington," now come deliberately to the front without a flash of trumpets or glaring announcements and places in operation a service that for convenience and comfort stands far superior to anything yet introduced. A through parlor and sleeping car leaves Lincoln every evening at half past eight, runs direct through to St. Joseph and Kansas City, arriving at the sainted city at 5:37, a. m., and the latter place at 7:50 a. m., in time for a full day's business at either point. The return trip is started in the evening at 9:15, St. Joseph at 11:45 reaching Lincoln again at 7:50 in the morning. The passenger before retiring has the use of a luxurious drawing room with heavily upholstered parlor chairs, not the conventional chairs used on ordinary trains, but Pullman parlor chair cars—and all who have traveled in Pullman parlor cars know full well what that means. These palatial cars are so arranged that one-half contains large and handsomely furnished drawing rooms, while the balance of the car is made up similar to regular Pullman sleepers.

The COURIER congratulates the people of Lincoln on this one of the most important acquisitions recently made to her railway facilities. The Burlington has done much for Lincoln, much more than any other line, and the hearty appreciation of our citizens should be extended the company in this, their latest move. It was not a matter of compulsion that made this step necessary for the Burlington, as will probably be the case with the competing lines who must sooner or later try to imitate their move, but simply a matter of improvement that must eventually come, and if the records are looked up, it will be found that the Burlington has always taken the initial step in such matters. In the matter of flyers, the union depot project and numerous other enterprises the Burlington has always taken the lead and in the construction of new lines no bonus is ever asked. Compare this with the work done by other lines and it will be found that they never make a move until competition compels them to do so.

THE COURIER does not want these lines construed in a manner that would indicate that it has become the organ of the B. & M. railway, for such certainly is not the case. It, however, cannot but be admitted that this corporation has done a great deal for the city, has given us facilities equal to Omaha and other larger cities, and its last enterprising stroke, although it be a matter of financial interest to them goes to show that they want the travel and are willing to outbid all others for it. Common judgment would, therefore, "give praise to whom praise is due."

Don't Care to Eat.
It is with the greatest confidence that Hood's Sarsaparilla is recommended for loss of appetite, indigestion, sick headache, and similar troubles. This medicine greatly tones the stomach, assists digestion, and makes one "real hungry." Persons in delicate health, after taking Hood's Sarsaparilla a few days, find themselves longing for and eating the plainest food with unexpected relish.

A Few Facts.
There seems to be some misapprehension with regard to the time when the present charter of the Louisiana State Lottery expires. It is true that the company has applied for a new charter, and on the 10th of July of this year the legislature ordered that an amendment to the constitution of the state be submitted to the people at the election in 1892. Thus, the charter of the company will be carried up to the year 1919. However, the present charter, which had been ratified by the Supreme Court of the United States, does not expire until the first of January, 1895. The application for its extension was merely a matter of routine legislation, and there is not the slightest doubt that when the present charter has expired, the people of Louisiana will order its continuance till 1919. The management of Generals Beauregard and Early has challenged the admiration of all men both in this country and abroad. The high character and sterling integrity of these gentlemen is the best guarantee that the company will fully justify the confidence placed in it by the State of Louisiana.—Richmond, (Va.) State, September 3.

Lincoln, St. Joe & Kansas City. Through Sleepers and Parlor Cars.
The day of transfers, changes and delays between Lincoln, St. Joe and Kansas City is over, the B. & M. having placed in service a line of combination sleepers and parlor chair cars that for convenience, elegance and comfort surpass anything heretofore run between these points. The present schedule is as follows: Leave Lincoln, 8:30 p. m. daily, arrive in St. Joe 5:27 a. m., Kansas City 7:30 a. m.; returning, leave Kansas City 9:15 p. m. daily, St. Joe 11:45 p. m., arrive at Lincoln 7:50 p. m.

These trains run via Beatrice, Wynmore and Table Rock and make close connections at terminal points. The service is really excellent and we can recommend it with much confidence. Further information can be obtained at union depot or city office corner O and Twelfth streets.

The Barnum & Bailey show in connection with Inure Kiralfy's "Nero" will be in Lincoln Wednesday, October 1. The addition of Inure Kiralfy's new world-famous dramatic spectacle of "Nero" to the "Greatest Show on Earth," it should be well borne in mind, has not operated to curtail, in the slightest degree, its vast standard features. Not only this, but in its list of circus, hippodrome, museum, enormous and sensational Free Street Parade, and other novel and exclusive attractions, it has been most notably and expensively enlarged for its present American tour.

THE NEW AND THE OLD.
Phoenix Like, Mrs. Gosper's Store Rises from the Ashes
After a suspension of three weeks' business owing to the late fire, Mrs. Gosper will on Monday morning again open her store at 1114 O street. The entire place has been renovated, the walls and ceilings ornamented and the fixtures have all been repaired. In fact the place now looks even more inviting than ever.

Commencing Monday morning Mrs. Gosper will place on sale a lot of fine cloaks for ladies, misses and children. These were saved from the fire without the least particle of damage, but as Mrs. Gosper will not put in another line of cloaks this season, they will all be offered at damaged goods prices. This is a good chance to buy a stylish fall garment at from one-half to two-thirds the regular price.

A large consignment of new millinery goods was received yesterday and more will arrive early next week, including an importation of fine pattern hats. Mrs. Gosper will when all the new goods are in give a grand opening. The date and particulars of which will soon be announced.

\$50.00 REWARD will be paid for the apprehension and return of this furniture man. He escaped last night from the store of A. T. Gruetter & Co. and is believed to be still at large. He was seen riding down O street on an exceedingly fashionably rocking horse. This valuable animal was also the property of A. T. Gruetter & Co. and for its recovery a similar amount will be paid. There is no known cause for their departure. They were in select and well-furnished company at the store where they were brought into contact with only such articles as no furniture man could reasonably refuse to associate with. The police have been notified and are believed to be on the track of the fugitives.
