Having reached his thirteenth year Charles Levy, son of Mr. and Mrs. G. The Southern Girl.
Her dimpled cheeks are pale;
She's a lily of the vale,
Not a rose.
In a muslin or a lawn
She is fairer than the dawn,
To her beau.
Her shoes are small and neat,
She is vain about her feet,
It is said,
She amputates her r's,
But her eyes are like the stars
Overhead.
On a balcony at night,
With a fleecy cloud of white
Round her hair,
Her grace, ah, who could paint?
She would fascinate a saint,
I declare.
Tis a matter of regret,
She's a bit of a coquette,
Regalith thing.
On her cruel way she goes
With a half a dozen beaux
On her string.
But let that pass by,
And her maiden moments fly,
Dew empearled,
When she marries, on my life,
She will make the dearest wife
In the world.

"Thou Shalt Not," which Max Freeman has dramatized for Wm. A. Brady, and which will be brought out at the New York Union Square Theatre March 30, will doubtless be the ultima Thule of the suggestive drama of which Mr. Brady has lately become the high priest. Among other queer things in it, is a fling at women's virtue, likely to bring retribution to the author and manager, if it does not also bring Anthony Comstock.

Lawn and flower seeds, bulbs and garden tools at Griswold, 140 South 11th street.

Without doubt, Lincoln now possesses one of the most metropolitan establishments, together with the richest and most varied assortment of goods to be found in the west, not excepting Omaha or Kansas City. We refer to The Interior Decorative Co., whose line of wall papers, mouldings and novelties are so far ahead of anything heretofore seen in the city, as to attract universal attention. A glance at their display windows, or an inspection of the beautiful goods inside is convincing proof of their excellence. Parties contemplating the decoration of their homes this spring should not fail to look over their goods. They are very fine, we assure you.

At the Bond Hotel.
There has been quite a change made in the order of things generally about the new Bond Hotel, and Mr. J. G. Burpee, the new host, who recently came from Vermont, is making reputation for the house such as it has never had before. The dining room is equipped with excellent service; promptness and first class meals characterizing the order of the new management. A decided change is noticed in the table fare and in fact every thing about the hostelry moves on smoothly and very satisfactory. Few hotels in the West can show apartments as nice and large or better furnished. Each room is well lighted, ceilings high with elegant ventilation, and the best of care is given each apartment. Mr. Burpee is a very pleasant gentleman and one who never tires in looking after the comfort of his guests. Mr. W. J. Wolben, as chief clerk is a decided success and is making many friends for that popular hostelry.

Model Motive Power.
The Baltimore and Ohio Rail Road Company has recently placed in service on its fast trains between New York, Philadelphia, Baltimore and Washington, three new engines which are doubtless the finest and fastest ever built in this country. These new flyers have driving wheels six feet, six inches high, and cylinders twenty inches by twenty-four. The large cylinders give them tremendous power, and the high drivers protect the machinery from the rack and strain incident to driving smaller engines at great speed. There is practically no limit to the speed to which these new marvels may be driven and they skim over the rails as smoothly as a swallow over a lake.

Another recent addition to the motive power of the company is a consignment of eight powerful, ten wheel passenger engines, designed for service on the mountain division. These are the heaviest ten wheel engines ever constructed, weighing sixty seven and one-half tons. They have driving wheels six feet two inches high and cylinders twenty-one inches by twenty-six. One of these machines performs the work heretofore requiring two of the ordinary class, and they take the heavy through express trains up the mountain grades quickly and with perfect ease.

The Mt. Clare shops of the company have recently completed an order for ten switch engines of the highest type, and sufficiently powerful to make up a train equal to the full drawing power of a consolidation freight engine. Also three new heavy eight wheel passenger engines, having driving wheels five feet eight inches, and cylinders twenty inches by twenty-four. These engines are now doing excellent work; they are very powerful and susceptible of great speed.

In addition to the foregoing the company has now under construction at its Mt. Clare shops ten powerful ten wheel engines designed for fast freight service, and for heavy passenger trains on occasion, also twelve consolidation freight engines of great power.

These additions to its motive power are in line with the other great improvements constantly being made in the general betterment of the B. & O. property by its present management, which have been noted by the press from time to time, and the rapid augmentation of the passenger traffic of the Company indicates that the public is quick to recognize the present and constantly increasing efficiency of its train service.

THE BURLINGTON ROUTE.
To Chicago and East, Denver and West, Deadwood and North, St. Louis and South.

The great popularity of the Burlington was gained, not by running down her neighbors, but by "booming" her own line, until the legend "Burlington Route" has become a synonym of speed, safety and enjoyment. If you want to go east, west, north or south use the Burlington, for the simple reason that when you pay your money you naturally want the best to be had, and you do not miss it if you travel by this popular line.

This is the direct route to Deadwood and Dakota Hot Springs. The great health resort of the Black Hills. Estes park, in the Rocky mountains, is another cool retreat reached only by the "Burlington," in fact, there is not a point of prominence in the country that cannot best be reached by this route.

If you want any information whatever pertaining to railroads, or want to reserve sleeping car accommodations days, or even weeks in advance, you can do so by applying at B. & M. depot or city office, corner O and Tenth streets. A. C. ZIERGEN, City Passenger Agent.

The Best Cough Medicine.
"One of my customers came in today and asked me for the best cough medicine I had," says Lew Young, a prominent druggist of Newburg, Neb. "Of course I showed him Chamberlain's Cough Remedy and he did not ask to see any other. I have never yet sold a medicine that would loosen and relieve a severe cold so quickly as that remedy does. I have sold four dozen of it within the last sixty days and do not know of a single case where it failed to give the most perfect satisfaction." 50 cent bottles for sale by A. L. Shrader, druggist.

of Lincoln can afford to miss the comfort and safety offered him by the North Western Line (P. E. & M. V. RR.) in his travels to and from Chicago and all eastern points. Patronize the North Western and avoid omnibus transfers. It is the only all rail line to that Sanitarium of the world, the Hot Springs of South Dakota and the direct line to Rapid City, Deadwood and Black Hills points. To all those contemplating a trip the coming season it offers a direct line and service, to all the resorts of Wisconsin, Minnesota and Northern Michigan. The finest fishing grounds in the world are reached by this line. For rates and information, call at 1183 O street. W. M. SHIPMAN, Gen'l Ag't. J. T. MARTIN, City Tk't Ag't.

Glassware, woodenware, willowware, tinware, queensware, crockery, house furnishings, ladies' furnishing goods and novelties of every known description, will be sold at the great Twenty-five cent store, 1124 O street.

Henry M. Stanley is a failure as a lecturer. This is due entirely to the newspapers, who have long since printed all about his heroic plunge into the heart of Africa, and also all he has said about the plunge. Americans read newspapers, know all he will say, and refuse to give up a hard earned dollar for a "chestnut." People that go, do so to see, and not hear, the great explorer.
