The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is **Catarrh**. Hall's **Catarrh Cure** is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's **Catarrh Cure** is taken internally, acting directly on the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address
