Here's the Idea Of the Non-pull-out Bow

The great watch saver. Saves the watch from thieves and falls—cannot be pulled off the case—costs nothing extra.

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the groove, firmly locking the bow to the pendant so that it cannot be pulled or twisted off.

Can only be had with cases stamped with this trade mark. Jas. Ross Filled Watch Cases are now fitted with this great bow (ring). They look and wear like solid gold cases. Cost only about half as much, and are guaranteed for twenty years. Sold only through watch dealers. Remember the name.
