CITY BRIEFS.

—South Park.
 —Read Warrick's Mixed Paint ad.
 —Fine lots in Palmer's addition.
 —D. B. Smith moved yesterday over on to Wintersteen hill.
 —For desirable residence lots purchase in Palmer's addition.
 —N. H. McKinney of Denver, is visiting friends in the city.
 —Mr. and Mrs. J. F. Ritter left last week on a visit to Washington D. C.
 —Charley Eads, George Lehnoff and Joe Hawksworth Sundayed in McCook.
 —Mr. and Mrs. Con O'Conner left Saturday evening for Akron and the ranch.
 —Miss Nadine Crump, of Moulton, Iowa, visited last Sunday with Mrs. J. P. Young.
 —A. Vickmer, of Ill., who is on his way to Denver, stopped off Tuesday in this city and visited friends.
 —F. H. Steinker, foreman of the B. & M. car-repairing shops, returned Tuesday from a trip to Chicago.
 —The social last Monday evening at the home of Miss Jennie Dabb, was well attended by the young folks, and was a success financially and socially.
 —The full page ad of R. B. Windham's is a good advertisement of Plattsburgh and sets forth many good reasons for the investment of capital in Plattsburgh realty.
 —The Weekly Nebraska Press comes to us this week with eight extra pages printed on fine book paper, and is entirely devoted to booming Nebraska City. It is a credit to both city and paper.
 —The entertainment by the McGibeny family at the opera house last Thursday evening had a large house, considering the stormy evening. They gave good satisfaction and sustained their reputation.
 —Rev. W. B. Alexander and B. Spurlock, went over to Weeping Water yesterday to attend the meeting of the Cass County Sunday School convention now in session there, a report of which will be given next week.
 —The May number of Round's Printer's Cabinet came to us last week and contains a steel engraving of a woman's face and shoulders. It is a work of Art which would adorn any collection. The press work is as fine as we ever saw.
 —A number of the streets in the South Park addition have been named in honor of literary men, among them being noticed the well known names of Hawthorn, Irving, Carlisle, Emerson and other equally illustrious lights in English and American literature.
 —The social by the ladies of the W. R. C. held last Wednesday evening May 11th, was a very enjoyable affair. Refreshments in the form of a supper, ice-cream, lemonade and cake were served. During the evening some excellent singing was rendered by the musical folks present and every body seemed to enjoy themselves.
 —One of the cars of a stock train passed through Plattsburgh last Sunday afternoon caught fire near Hillsdale Iowa and before the fire was extinguished the cattle in the car were horribly burned and suffered agony which the railroad men say, was almost as heartrending as the burning of human beings. It is supposed that the fire originated from sparks from the engine igniting the straw in the car.
 —Last week the Hawkeye of Greenwood came to us with the remark that this week it would cease to exist, for the lack of support. It says the "business men" who promise big things to get a paper started and then let it down hard by withdrawing their support, will have a chance to do it again. And in its issue of today as it quietly folds its shroud about itself it publishes a list of the business men of Greenwood and the amount of support each one has given it.
 —Last Tuesday forenoon while two men named Kelly and Hayes were tapping the water mains in a five or six foot trench at the Sherwood corner, the wall of the trench caved in and completely buried them. Their fellow laborers were quickly on the spot, and they were dug out with such alacrity that they sustained very slight injuries. The event caused considerable excitement, and when they were relieved from their dangerous position a very few of the many spectators were in the least.

—The storm that visited Nebraska last Friday evening was a blessing to the farmers, but the wind that came in advance amounted to almost a hurricane and at Blue Springs did considerable damage, it struck the school house there and demolished it, the janitor, W. H. Rumbaugh was fatally injured, by falling timbers. Mrs. Will Matthews was struck by lightning while in an up-stairs room at her home and killed. The Methodist and Presbyterian churches and many residences in town were unroofed, and sheds, sidewalks, etc., overturned. The lightning also struck Emanuel Basoris' residence, killing his daughter Minnie, aged twenty years. The bolt struck her on the breast bone, the fluid passing through her. She was sitting on a lounge looking out of the window at the rain at the time.
 —Rev. Alexander of the M. E. church preached a very able and interesting sermon Sunday morning concerning the advancements which had been made, were being made and the present outlook for those soon to be made in the putting down of evil. Showing how the slavery of man to man had been successfully overcome, and now the great evil of this and all other civilized nations, intemperance, was being successfully overcome, and even the semi-civilized countries were reaching up in attempts to throw off this terribly destructive power which did not stop even at the grave. As evidence of the overthrow of this power in the near future he sighted the different political parties in this country which were now at work in this country. One taking temperance as its foundation, another adopted it in its platform and the third establishing itself as opposed to it. He said that every man who stood in the saloon or behind the element, stood there with his hand in his pocket ready to oppose justice, and as examples he cited the two most prominent instances of the present time, the one at Sioux City and the other at Haverhill, Ohio. He also pointed out the effective work which was being accomplished in putting down the countries great stain, Mormonism.

Married.
ALDERMAN—MORRISON—At the home of the bride's parents on Pearl street, Sunday, May 15th, 1887, at 3 p. m., Mr. S. P. Alderman and Miss Edith M. Morrison, daughter of Mr. and Mrs. W. F. Morrison of this city, by Rev. J. T. Smith, Christian minister of Nebraska City, assisted by Rev. Reed of Omaha. Quite a number of friends and relatives witnessed the ceremony, in which the contracting parties were assisted by Mr. Charles Morrison and Miss Maggie Mickelwait of Glenwood, brother and cousin of the bride. After the ceremony a splendid dinner was served, and Mr. and Mrs. Alderman left on the 6:20 p. m. train for their home in La Platte, where the groom is in charge of the B. & M. station. They were accompanied thither by about a dozen friends, who remained until the K. C. train came down in the evening.
 They received a large number of very fine presents. Both bride and groom are most estimable young people, and their friends all join in wishing them every blessing.
BROSINS—SHORT—Franklin E. Brosins, and Carrie M. Short were united in wedlock on Saturday evening, at the residence of the bride's parents, south of the city limits, Rev. W. B. Alexander officiating.
BOOTH—MITCHELL—Mr. John A. Booth, of Council Bluffs, Iowa, and Miss Rose L. Mitchell, a sister of Mrs. Charles R. Campbell were married last Tuesday afternoon at 2 o'clock, at the residence of Mr. and Mrs. Charles R. Campbell, on Wintersteen hill. But a small company of friends outside of the immediate families of the parties had been invited to witness the ceremony, which was celebrated by Rev. H. B. Burgess, and participate in the festivities. Many handsome presents testified to the esteem and kindest wishes of many friends. Mr. and Mrs. Booth will reside in Omaha whither the best wishes of THE HERALD will follow them.
SMITH—ANDREWS—John Smith and Miss Mary Andrews, residents of Weeping Water, were united in marriage last Monday, at the Perkins House parlors, by Judge Russell. They were accompanied by two friends and after the ceremony, returned to Weeping Water through the rain in a covered carriage.

High School Notes.
 This is Miss Gass' week in the dinner-room.

The Calico Social.
 The calico social given by the ladies of St. Luke's Guild at Fitzgerald's hall last Wednesday evening May 11th, was a most enjoyable affair.
 Early in the evening the hall was crowded with dancers and spectators, and many attractive costumes were noticeable. At midnight fully thirty couples were still whirling around the floor to the music of the Bohemian band, and it was not until much later that the amusement was abandoned. Ice cream and lunch were served by the ladies, and the evening proved a profitable one to the guild.

CHICAGO LIVE STOCK.
 Chicago, May 17.—CATTLE.—The receipts were considerably lighter than yesterday, though for the week thus far we have an increase of about 2,500 head. Buyers were out earlier this morning and salesmen made quite an effort to advance prices, but they were not generally successful, only a few of the more desirable cattle selling at higher prices. Some rough, half-fed 1200-lb. cattle could not be sold better than \$4.00 and some corn-fed ranch cattle, averaging about 1400 lbs were slow of sale at about \$4.30@4.35. The general market for fat cattle was fairly active and closed strong. Shipping steers, 1350 to 1500 lbs. \$4.40@4.85; 1200 to 1350 lbs. \$4.30@4.75; 950 to 2200 lbs. \$4.00@4.50; stockers and feeders, \$2.80@4.20; cows, bulls and mixed, \$2.00@3.95; bulk, \$3.00@3.15; slop-fed steers, \$4.40@4.60; Texas grassers, \$3.00@3.60; meal-fed cattle, \$3.60@4.25.
 Hoes—Business was active and values a good 10c higher than Monday; common mixed, \$4.85@4.95; butcher weights and the best heavy, \$5.00@5.10; light, \$4.40@4.50; porkers, \$4.80@4.85.

Rock Bluffs Notes.
 MAY 17, 1887.
 EDITOR HERALD:—If you will allow a country plug to express his views as to how the water works celebration looked to an outsider. We wish to say, that we think Plattsburgh did herself proud upon that occasion, and we only wish that all of her anticipated hopes may be fully realized.
 We hear that the Rutherford boys have sold their forty acre farm to Mr. Gault, for the sum of fourteen hundred dollars.
 We also hear that Al Kennedy has sold

his forty acre farm to Thomas Holmes but did not learn the price.
 Will Holmes has so far recovered from his broken leg, that he is able to ride out.
 Jacob F. Fox, one of the old time settlers of this locality, is quite sick with a kidney trouble. He has been complaining since last August, and has gradually grown worse, until now he is very poorly and is confined to the bed the most of the time.
 During the rain storm yesterday, lightning struck an elm tree just east of the old Spiers place, shattering it very badly and peeling the bark off from it clear around the tree and throwing some of the pieces six and eight rods from the tree.
 Chicken cholera has been thinning out the hens, for several of the neighbors in this vicinity.
 Robert Frans of Factoryville started from here yesterday morning for Colorado, on a prospecting tour.
 Fides, followed his own advice last week, and emigrated to Plattsburgh.
 Yours Truly,
 TIM SHAWER.

Einwood.
 From the Echo.
 Mrs. Josie E. Rayer has just had a neat addition built on the west side of her building, to be used as a kitchen.
 Dick Elliott and Jim Green are building hitching racks until you can't rest, this week, and we are glad to note the improvement.
 Miss Nellie Deye and Miss Georgie Talbot, accompanied by L. E. Boxton, all of Syracuse, were guests of Dick Elliott, one of our most popular young merchants.
 Last Saturday as Paul Marshall's little boy was riding a horse he fell off and broke one of his finger bones above the knuckle and throwing his thumb out of place. Dr. Hobbs performed the surgical operation.
 Martin Thorne's little boy fell from a wagon one day last week, and broke his right arm just above the elbow. He was brought to town and Dr. Hobbs soon fixed him up in good shape, and at present the broken member is getting along nicely.

Catarrh, Hay or Rose Fever.
 The cleansing, soothing and healing properties of Darby's Prophylactic Fluid are experienced in the treatment and cure of Catarrh and kindred complaints. The Fluid soothes and heals the inflamed membranes and removes the offensive odor that characterizes the disease. Should the inflammation have reached the throat use the Fluid as a gargle to allay the inflammation and to disinfect.
